

WILDCAT CHRONICLE

Lakeview High School

Lakeview, Michigan

Volume 8, No. 1

October 15, 1970

MR. BARRY-SUP.

Mr. Jim Barry, new superintendent of Lakeview schools, is a native of Michigan, as well as of small school systems. He was born in Ionia, raised and graduated in Atlanta. He received his bachelors and masters degrees from CMU, and is presently working on his doctorate at Michigan State in school administration. At Central Mr. Barry participated in three sports until he was injured in his sophomore year. Mr. Barry has had varied teaching, coaching and administrative duties; starting out in Flint at Holy Redeemer, going on to Farwell; to Whitecloud as head basketball coach, to Ferris State College coaching football, to Alma and Northwood Institute; then to Midland. Approximately eight years ago he accepted a position as principal at Vestaburg, moved on to Beal City as superintendent for a year, and back to Vestaburg as superintendent where he was when Lakeview got him!

con't. page 4

STUDENT COUNCIL

On October 5th and 12th, the Student Council held two meetings where matters concerning the Homecoming, pep assemblies, the vending machines, the question of having music and furniture for the Student Commons, and the Student Handbook were discussed.

con't. page 4

CALENDAR

Fri. Oct. 16 - Varsity Football at Central Montcalm
Sat. Oct. 17 - Sr. A.C.T. Test at M.C.C.
Sat. Oct. 17 - 2:00 p.m. U.W.S. slave auction
Mon. Oct. 19 - Begin Senior pictures
Mon. Oct. 19 - 7:00 p.m. S.C. meets
Wed. Oct. 21 - J.V. Football at Saranac

Miss Hoopfer is recovering!

Miss Hoopfer, our ecology, psychology, and English Composition teacher is recovering, from a Monday morning automobile accident, at Kelsey Memorial Hospital and is complaining that she wants out--She can ache just as well at home!

She is black and blue and scratched but her main concern after the accident wasn't with herself but with her car; as she asked Jim Imhoff--Is my car hurt?

Miss Hoopfer says, "I hope to be back next week."

United We STAND

A new group has been formed. It is an ecumenical youth group called United We Stand. The first Meeting was held on September 13 at the United Church of Christ. It was decided then that the group would meet every two weeks. Each meeting will be held at a different church. It is tentatively planned that once a month a party-type meeting will be held, and that the rest of the meetings will be primarily for worship and education.

The group is going to earn its own money to finance the meetings. It is hoped that no dues will have to be collected; so the U.W.S. will have projects to earn money.

Coach Boyd Says

Through the foresight of Coach Boyd, our Varsity football players have a new way of being recognized for their performances. They can be awarded one of four gold decals for their helmets, as follows:

On the Monday following Fridays football game the Varsity players are given these award markings that they earned for their play in the ball game. The awards consist of a gold skull & crossbone marking for a fumble recovery or pass

con't. on Pg. 4

Editorial — FOOD IN THE CAFETERIA

I have overheard many comments in the halls and from my friends complaining about the food served in the cafeteria. The school has been very considerate to supply us with the ala carte, but no one likes to eat sandwiches everyday of the week and many students don't like cold lunches carried from home, so they must eat in the Type A.

Very often the food looks unappetizing and contains too many starches. For example, one of last week's menus, when the cafeteria served bean soup, potatoe chips, and lemon-pineapple pudding, all of which contain starch. Many girls have learned in Home Ec. that to make a meal appetizing, you must first make it look good. So, why couldn't the cafeteria have served bean soup, a lime jello salad, and some sort of colorful cake or cookie. This would not only make it look good, but would also reduce the amount of starch. It seems as though with the proper planning, the food could be Con't. on Pg.7, Col. 1

FEATURE STORY.

This past summer was not unlike the many other summers for the reason that the things that we all had planned to do never were done, and the things that we wish had stayed locked up in a closet somehow popped up and they had to be done. One of these wonders is the

Family Reunion

The family reunion was devised in 465 B.C. as an old Chinese torture and seems not to have changed since. To start with, it is a rule that they are not to be held closer than 150 miles from home. Once everyone has arrived, the good old sun never co-operates and beats down a steady 99°, causing unusual formations in the icings of the five month old cakes. Naturally, the whole event is staged outside.

By the time lunch-time creeps around, all the good food seems to have disappeared by the time you get there, and the strange little morsels shunned by the others manages to get onto your plate. And what a plate! If more than one ounce of water dripped onto the thing, it would fall into a million soggy pieces.

Now that everyone has his feed, the grouping begins. Everyone crowds into his own little group at the card table so tightly a crowbar couldn't pry them apart, and all of a sudden you find yourself the only person in your group. This doesn't always make for good conversation. Con't. on pg. 7, Colm. 2.

SPORTS

AL and DAVE

CATS LOSE TOUGH O E

The Wildcats went into the football game against the Portland Raiders Friday night with the right attitude, but came out on the wrong end.

It all started when Raider running back Dick Coe turned a short pass into a long run for a TD. Then early in the second quarter, the Raiders were forced to punt. Two consecutive penalties were called on the Raiders, forcing them to kick from the end zone. The centers hike was fumbled, the kick was bad and Wildcat tackle Steve Abbey, number 71, fell on the ball for six points. The half ended 6 all. Neither the Wildcats nor the Raiders were able to make the extra points.

In the second half, Lakeview fumbled the ball, only to have it picked up by a Raider and ran back for a TD to end the scoring. The game ended 12-6, Portland.

The Cats face Central Montcalm this Friday at Central.

Last night our JV team met with another disheartening defeat against the strong Central Montcalm team.

The Kittens were able to score though due to a good effort put forth by Elton Young, who turned a long run into six points.

JV's = PORTLAND

Last Wednesday night the Lakeview J.V.'s traveled to Portland to take a bitter defeat at the hands of the Red Raiders. The Kittens could not overcome the power of Portland and were beaten 52-0. This week the young Wildcats take on Central Montcalm here on the home field.

Cross Country

The cross country squad opened the season at Greenville and lost by a score of 15 to 49 on September 17. Since then they have been beaten once by Central Montcalm 17 to 43 and they tied Portland 29 apiece. The team pace setter is Steve McCarthy—"Big Mac." Another hopeful is Phil Nienhuis, brother of star alumni runner Marc Nienhuis. Other notables are W. Martin and Charles Chapin who have been the top runners for Lakeview so far this season. The next meet is this Thursday, October 15, at Birchwood Golf Course.

PEP CLUB

Have you seen the signs in the halls? If you have not, open your eyes! These signs are done by the Pep Club. We meet every Wednesday night after school in the art room. Why don't you join and cheer our team on to victory!

Team Spirit M.S.U.

On September 26 the J.V. and Varsity football players and cheerleaders took a trip to East Lansing where they saw the mighty Spartans of M.S.U. triumph over Washington State University. They were accompanied by Mr. and Mrs. Boyd, Mr. Janaitis, and Mr. Beardslee. The trip lasted from 9:00 in the morning until they returned about 7:00 that night.

CHEERLEADING NEW

The cheerleaders of L.H.S. have been busily practicing new and old cheers and chants for the football games. During their busy schedule they took time out to have a dance after the game last Friday, with DJ Lloyd Scoby arriving, a little late, but better late than never. They will use this money to help pay for their new basketball uniforms.

LARRY IS LOST

It is with great regret that we announce that the leading Varsity safety, Larry Goulet, will no longer be playing football for LHS.

What words can be said to express the team's feelings at the loss of a teammate's services? Larry was dedicated to the game of football and was always the leader of the team. Though we will miss his services on the field, his spirit and enthusiasm will continue to spark the team.

COLLEGE NIGHT

The Fourteenth Annual Montcalm County College Night was held Tuesday evening, October 6, at Vestaburg Community High School. College Night is held for parents, Juniors, and Seniors of Montcalm County Schools.

The students and parents assembled in the gym for a welcome by Mr. Keats Wood, Superintendent, and orientation by Mr. James Burchett, Principal.

Twenty-four colleges were represented. Each student chose three schools and attended these three half-hour sessions. Each college personnel from the different schools told in his lecture about his schools particular entrance requirements, subjects offered, and expenses.

The students went home from College Night with much information about Michigan Colleges. Also many students possible found the school of his choice for attendance after graduation.

OB. BARRY

(from pg. 1)

Superintendent Barry's family includes his wife, Marilyn, three sons--- Michael 6, Mark 10, Dan 6, and a daughter Jill who is 7. The Barry family has moved into the big Willison house on M46, and also have a cottage in Atlanta. Mrs. Barry has three brothers, all of whom are professional people, and a mother who is dean of students at Alpena. Mrs. Barry has her masters in Mathematics and teaches at CMU. The family enjoys traveling--has been to every state in the union
cont;d col. 2

cont;d col 1
but four. Superintendent Barry is quite the outdoorsman, loves to trout fish, hunt, snowmobile, scuba dive, and sail. He hopes to "get back to skiing" and also would like to take flying lessons. He also has been water safety instructor as well as camp counsellor and director many times.

A basic philosophy of Mr. Barry's is that there is "no such thing as a bad kid." He believes that the role of any school should be to give kids the greatest benefit out of life, and that a school should meet the needs of all students--not just the collegebound. He strives for complete student involvement-----including the planning of school programs.

Mr. Barry considers Lakeview a challenge. He has chosen it as the best of three school areas in which to work and raise his children. Let's don't let him down!

cont't. from page 1
interception. A gold star is given for the games leading individual tackler. A gold football goes to the leading offensive player or players of the game, and a hatchet marking is given for any blocked punt or safety. Our statistician, Arnold Hadley keeps a play by play record of what takes place in the ballgame. He has a record of all fumbles, recovered interceptions, tackles, and various other items and presents these to the coaches. On the basis of these stat sheets and also from the game film the awards are made. It is
cont't. col. 3

cont't. from col. 2
the intention of the award system to build incentive to make the "big play" during the game.

cont't. from page 1

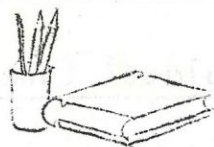

It was decided that an all-school float will be made by students from all four Senior High classes, that cars be decorated for carrying the prince and princess of each class, candidates for King and Queen, and Exchange Students, and that signs be made by each class to be carried in the parade. Flowers will be ordered for the reigning Queen, the new Queen, and the Exchange Students. The bonfire will be planned by the cheerleaders with the aide of the Student Council. The King and Queen will have crowns made or purchased, and it was found that Kathy Johnson could attend the ceremonies. Also, it was decided that a band be present.

The use of the vending machines during parties be left up to the committee organizing the party. Also, the question of having the Student Commons open was left up to the same committee. The style of the furniture for the Student Commons was chosen, and a committee was formed to examine the possibility for a juke box.

Pep assemblies were discussed. The cheerleaders were to see about a new megaphone and organizations were asked about skits for assemblies.

LETTER to the Editor
(NOBODY WROTE!)

TEACHER

INTERVIEWS

MR. TAYLOR

A major in Industrial Arts and Auto Mechanics, Robert Taylor is now back to teach at L.H.S. He is a graduate of Central Michigan University.

Attention girls, he is presently a BACHELOR living with his parents on a farm north of Lakeview near Sylvester.

His previous teaching experience includes one semester in Bloomfield Hills as a teacher and J.V. coach in football. He also taught one semester in Alpena and worked there in industry.

Mr. Taylor is quoted as saying, "The system has expanded tremendously since I graduated in 1966. The new school and football field is very impressive but I have noticed the school spirit has dwindled over the years from what I remember it. I hope every one really fires up for Homecoming and let's show the football team that you are really behind them!"

MISS O'CONNER

When Helen O'Conner was growing up in Rogers City on the shoreline of Lake Huron, she found that she liked art and had talent in the art field. She decided to become an art teacher; feeling this would be the best way to use her talents. She entered CMU in the fall of 1966 and graduated in the spring of 1970 with a major in art and a minor in history.

con't col.2

con't. from col.1

Miss O'Conner is at LHS teaching her first year, teaching Art I, II, and III, eighth grade art, and a world history class. SHE is living in Lakeview in an apartment over the bar-- "Dairy Bar", that is. In her spare time she enjoys painting, reading, and participating in water sports.

Miss O'Conner likes the students at Lakeview, and enjoys teaching here, she says, because the teachers and kids are nice, have a lot of enthusiasm, and are not troublemakers!!

Mrs. Darrow

One of our new teachers in the Lakeview system this year is Mrs. Darrow who teaches Home Furnishings and Adult Living. These are both new concepts of Home Economics.

Mrs. J. Darrow went to Icy High School in Kalamazoo, Mich. After she graduated she attended Central Michigan University and majored in Home and Family Living. she did her student teaching in Midland which she found much different than a small school like Lakeview.

On June 13, 1970, she was married to Jan Darrow and they now reside in Mt. Pleasant, where Mr. Darrow works at the University.

Her comments on lakeview are . . . "It has great potential!" She likes the new school, her classes, and the idea of the pop and candy machines in the Commons. She also says that

con't col.3

Interviews, (Con't.)

con't from col.2

We students are very fortunate to be able to have the opportunity to go to a brand new school.

MISS FREELAND

Have you seen a new face sneaking in and out of the freshman home ex. room? It's Miss Wanda Jean Freeland. Not only can she be seen in the freshman home ec. room, but you can also view her in the 8th grade home ec. and health ed. rooms.

Miss Freeland attended Kent City High School and later graduated from Western Michigan University. She is now living in Lakeview, making an occasional trip to Casnovia to visit her parents. Miss Freeland comes from a family of seven children--four girls and three boys. When asked for her comments on Lakeview, she replied, "I think it's great and the kids are nice."

MR. JONAITIS

One of Lakeview's new teachers, whom has probably been noticed by just about everybody, is Mr. Edward J. Jonaitis. He can be found teaching seventh grade math and General Math in the High School.

He is 23 years old and still single. MR. JONAITIS was educated at White Cloud High School, attended the University of Missouri, and graduated from Central Michigan University in June, 1970. His mother and stepfather live in Casperia Michigan, and he comes from a family of 4, 3 sisters and 1 stepbrother. Presently he is living on the "west side of the main drag above Smith's Hardware"

The Band Marches On!

The purpose of a marching band is to entertain at home games and participate in civic and musical activities. Mr. Powell, director, has made a few changes this year.

The band is practicing diagonal marching along with the regular block formation. The clareinets and flutes, being smaller instruments, are now marching in the front so they may be better heard.

Our new drum major this year is Carmen Johnson, a senior. Majorettes are Penny Gummer, junior; Judy Mitchell and Dalinda Riley who are freshmen.

As you know, the band was rained out Friday night so, if possible, the band will perform this show at a later date.

OOPS!! We forgot Jean W.

F.H.A.

The Lakeview Chapter of the Future Homemakers of America met the night of October fifth in the home ec. room for a formal initiation. About 25 girls and their mothers attended. Also present were Mrs. Darrow and Miss Freeland, the new home ec. teachers.

The meeting was called to order by President Donna Hubbard. Candidates for membership recited the creed with the officers. Each girl received a white carnation tied with a red ribbon signifying the club colors. A beautifully decorated cake along with punch and coffee was served after this initiation program.

*STASH
THAT
TRASH!*

The ecology class has started on a new project this week. We have purchased litter barrels and have them located near the football field and around the school. They are painted all different colors so you can't miss them. The ecology class has put alot of hard work in this so have pride in your school and use them.

French Club

Already the French Club has had two meetings, Sept. 29th and Oct. 5th.

The first meeting, Sept. 29th, was held in the French room. At this meeting it was decided to have a candy sale Friday, Oct. 2, and also to have a French Club dinner Oct. 5th.

On October 5th, to start the night off right, the French Club members stuffed themselves with food provided by themselves. After eating as much as they could hold, Betsy Shaw, President, began the discussions. At the end of these discussions the members had decided to have the Parent's Banquet Nov. 3, and to have the traditional initiation for the French I Students. As a fund raising project they decided to sell candy which will be here soon so support your French Club and buy some!!

Math and Science Club

Lakeview has a new club this year, a combination of math and science students, and is under the direction of Mr. Boerma. The first meeting of the Math - Science Club was called to order by the temporary chairman, Lloyd Ball, at 3:30 Tuesday afternoon, October 6, in Mr. Boerma's room. The purpose of the meeting was to elect club officers and to list some possible activities which the Club would take part in.

Nominations for club president were made, with Lloyd Ball chosen President, Marcia Frandsen as Vice-President; Luanne Ball elected treasurer, and Kathy Schreiber, Secretary.

The club thought as a start they could go on a canoe trip from Altona down to Rustford. Tim Cook offered the use of his telescope to the club.

con't. from page 1

The first such project will be a slave auction held on the middle school. Blacktop, October 17, at 2:00 P.M. Each member of the group will auction off their services, for raking, washing cars, or whatever the buyer wants them to do. Everyone is welcome and asked to come and bid for someone to do their work for them.

There are also other special projects being planned that are not all to make money. Committees have been set up to plan an Environmental Day and a Christmas program.

con't. from Pg. 1

Jonaitis says that Lakeview is much like his own home town is; small and friendly. "It is the kind of community where one gets to know almost everybody eventually." He feels that as an educator it is important not only to get to know the students, but also the faculty and community.

Coach Jonaitis has another main interest, and that is athletics. He says, "I feel by participating in an athletic activity a young person confronts many challenges. He conquers some of these challenges and in others he may fail. Whatever the case is though, he learns to walk with his head up high. This is very necessary when a person enters the world on his own. I feel Lakeview has a fine future in athletics if the students will take advantage of the opportunities that are here."

Con't from Pg. 4

Last week, October 11th the U.W.S. met at the Catholic Church. It was then decided that the next meeting would be held at the United Church of Christ on October 25. Anyone is welcome to come. Further information about the next meeting will be given at a later date.

con't from Pg. 2

Then if you ever manage to find anyone to talk to, it always ends up to be someone who "remembers." Like the aunt who comes up to you saying, "Oh, and here's little Joey! (you could be fifty feet tall, and she'd still call you little). I remember when you were so high," and at this point she puts her hand at the level of her knee. Of course, you have vivid remembrances about the persons you met before you could say, "Da Da," and while you scourge your memory banks for the name she throws in the slintcher "and I used to change your soggy little diapers, too!" Now you are defenseless and the only thing left to do is to turn and walk away with red cheeks and a sheepish grin.

Naturally, the ending of a family reunion is what makes a family reunion a family reunion. As you stand there giving out that sigh of one who has just been shared from the electric chair, the whole group lets out the cry, "We should do this again sometime!" and then hopes that nobody heard them.

Neddy C. Loon

con't. from pg. 2

made more appetizing and nourishing, but still be within the budget provided.

Certainly, the price of the food in the cafeteria is extremely fair, but personally, I would rather pay a little more and have the food be a little more appetizing and nourishing. After all, since food is the way to a man's heart, it must also affect his brain.

Mr. Stephan

Dashing around the halls, trying to be forty places at once (and almost making it!) Mrs. Sharon Stephan, L.H.S.'s new counsellor goes. Our petite new counsellor is likely to be counselling while walking down a hallway as well as in her office--for she is usually walking (walking?) down a hall--with a big smile on her face!

Involvement! is Mrs. Stephan's "thing." After graduating from CMU (major in phys. ed. -- minor in speech) and previous to counselling at LHS she was a phys. ed. teacher for three and a half years, as well as working on her masters in guidance and counselling, which she will receive in December, also from CMU.

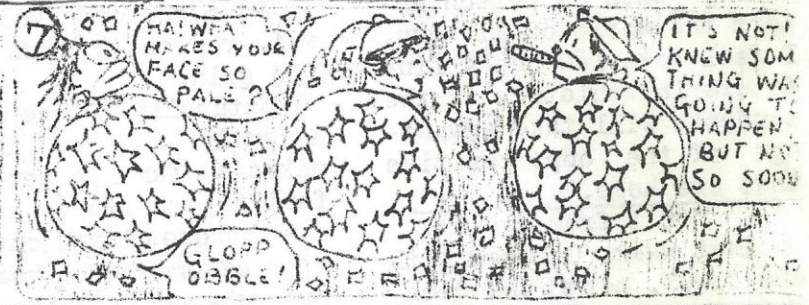

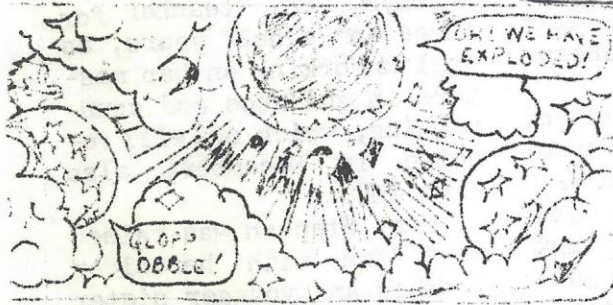

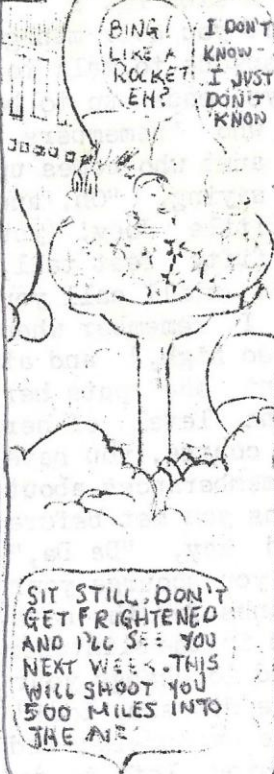

Mrs. Stephan was raised on a farm with her older brother and younger sister in Saginaw, and graduated from Saginaw High School. She enjoys EVERYTHING!----especially sports--both as a participant and a spectator. Mrs. Stephan enjoys outdoor sports, all forms of music but one; sings natural harmony; plays 5 instruments; and has been involved in dramatics and plays--including assistant director of Oklahoma!

C. J. Stephens

HOMECOMING-1970!

Homecoming 1970: An event nobody will want to miss! First on the agenda for this year's Homecoming will be the Bonfire Thursday night, starting at 8:00 pm on the field alongside "the path." Friday afternoon will bring a parade for all the high school students and the band. They will parade uptown and then return to the school for a pep meeting.

Friday night another parade will take place. In this one all the class representatives, exchange students, and Kathy Johnson, as reigning queen, will ride thru town in all their glory. Representing the freshmen class will be Gloria Shaw and Rick Moblo, the sophomores will be Michelle Jourdan and Ron Waite, the juniors chose Adela Shaw and Dick Guthrie, and the senior representatives and candidates for king and queen are Sharyl Winter and Al Charnley; Markay Moon and Bob Smyth; and Rosemary Robinson and Gary Nielson. Halftime of the game with Saranac will be used to announce the new king and queen for 1970, and the royal couple will be honored at the Homecoming Dance after the game.

"Office Says:"

The office requests that anyone who ordered last year's annual pick them up in the office. There are a few for sale on the first come basis.

CALENDAR

Thurs. Oct. 22- Bonfire
Fri. Oct. 23 - Parade through town at 2:30
Fri. Oct. 23 - Varsity play Saranac here for our Homecoming game
Fri. Oct. 23 - Homecoming Dance after the game
Sat. Oct. 24 - FTA goes to Mt. Pleasant
Sat. Oct. 24 - Band marches at Ferris
Sun. Oct. 25 - UWS meet at Methodist Church
Mon. Oct. 26 - 9th-12th take TAP and Cognitive tests
Tues. Oct. 27 - 9th and 10th take TAP and Cognitive tests
Wed. Oct. 27 - 11th and 12th take TAP and Cognitive tests
Wed. Oct. 27 - JV play Carson City here

SENIOR PICTURES

Senior pictures were taken October 19, 20, and Wednesday--on the stage. They were taken by Powell Studios from Detroit.
con't. page 6

SOPHOMORES MEET

The sophomore class met first hour Monday in the cafetorium to select their class rings. Mr. Terryberry of the H.R. Terryberry Co. in Grand Rapids displayed the rings. Most of the class voted for square rings of the "Starfire" style, although some of the sophomores did want round rings. Later on in the day the students individually ordered either the square or round style, in their size and favored color.

UNITED WE STAND

The UWS held its slave auction Saturday, Oct. 17 as planned. It was a cold day, but the bidding was warm and the group collected over \$12.00.

The next meeting is Sunday, October 25 at the Methodist Church. Come!!

SMORGASBOARD!!

The United Church of Christ in Lakeview is sponsoring their annual Harvest Smorgasboard this Saturday, October 24 for the community from 5:00 to 7:00. The menu consists of 34 appetizer dishes, 6 different meats, a wide variety of vegetables, and desserts along with rolls, salads, and beverages.
con't. page 6

THE BAND WILL PRESENT A SHOW AT 7:30 FRIDAY NIGHT.

Editorial- WHAT ARE WE DOING!!!

If you are the usual observative student you have probably noticed that since we have been in the new school there have been quite a few changes. Such as, the music that can be heard before school, during noon hour, and after school. How many schools do you know where the students can listen to "Indiana Wants Me" while they're eating a peanut butter sandwich? Another thing that has come about is "The Student Commons." This is a place provided especially for the students to get together and do whatever it is students do when they get together. These things are all fine and wonderful but there are other things that are going on in the new school that were never too much of a problem in the old school. One thing is this swooning that is going in the halls. There are certain things that should be and are permitted, but when a girl clutches her guy because she won't see him for a whole minutes I do believe this is carrying things a bit too far. There is a time and place for everything but we believe that the halls of L.H.S. are not the place for this.

The members of the newly formed Math-Science Club started on a perilous voyage down the Little Muskegon River a week ago last Saturday. The format of the excursion was a canoe trip, a bonfire supper, and viewing the stars with telescopes.

Bundled in our winter clother (complete with fishing boots, sweatshirts and life jackets) the members of the group--three girls, seven boys, and two sponsors--piled into cars and headed for Altona. Ringing in our ears were Mother's last words, "Keep your hat on and don't fall in the river."

Arriving at the river, we unloaded the canoes and began arranging passengers in the six canoes. Of course, all the boys decided to go together, leaving the girls in the ~~one~~ canoe. At this idea, the feminine world put its foot down. The three most experienced boys too the three less experienced girls. This left two canoes with rather inexperienced male paddlers.

Starting down the river the boys tried to teach the girls the art of paddling, but soon realized that most of the navigation was left up to them. The navigation experiences that followed were incredible! For instance, some people abandoned ship, climbed on logs, pulled the canoe over the logs and cruised on down the river to the next log. One couple thinking they had been left behind, paddled 'full-speed ahead', reaching the destination second. Another ship load broke a paddle, (cont'd on pg. 6 col.3)

SPORTS with AL and DAVE

There is no greater agony for a football team to experience than the agony of defeat. But the Wildcats were forced to suffer that agony last Friday night at Central Montcalm.

It was a close knit ball game for the first three quarters, but the Hornets scored about half way through the fourth quarter. Their extra point was successful and it made the score 8-0. It remained that way the rest of the ball game.

Offensive leaders this week were Bob Andresen and Al Guilfoyle.

The cats og against the strong Saranac team this Friday for the L.H.S. Home coming.

CROSS COUNTRY

Last Thursday the cross country team lost to Central Montcalm, 17 to 40. Charlie Chapin was the first man in for Lakeview, with Wendall Martin a strong second, Gordon Olsen, Dan Large and Jon Comden the rest of the top five.

JV's Lose

Last night our JVs traveled to Saranac and were defeated. This time by the score of 36-0. The biggest mistake came after the game when Coach Van Vliet and Coach Elliot left our new medicine kit, at Saranac.

The J.V. Cheerleaders will be selling football mums before and during the homecoming game here Friday night. They will be \$1.25.

Gary Injured

Gary Degram won't be able to play football for the rest of this year, because Friday night he broke his arm in the first play of the scrimmage between Lakeview and Central Montcalm. At first, the doctor on the field thought that Gary had just dislocated his shoulder.

When Gary arrived at the hospital, the doctors couldn't set his arm for a couple of days because it was too swollen. He was unconscious for about 4 hours when the doctor did set it. Now, he has it in

MR. KOS
We omitted the interview last week with one of our "new" teachers this year. He is James Kos, teaching 9th grade English and Senior Government. Mr. Kos graduated from Creston H.S. and received degrees from Calvin College and the University of Michigan. He has two sons and two daughters, all married. He began his teaching at Newayg, moved to Fremont, then to Lakeview as principal for his first year, after which he became Superintendent of Lakeview.

YUGOSLAVIAN FRIEND

Katerina Spasova is 17 years old, has short brown hair, blue eyes, and is a senior here. She is from SFR Yugoslavia, Republican Macedonia. At home she is living with her mother and sister. Here she is living with Mr. and Mrs. Milford Melitor. She has two sisters and four brothers.

This year Kate is taking Am. Literature, Am. history, Government, Physics, and Trigonometry.

To Europeans-the U.S. is all large cities and hippies. But by coming here Kate has found a quite different world. She likes Lakeview, the different foods, and the school. In her country there is no football and young people don't have part time jobs.

Kate says, "This is a big change for me. I come from a large town and a small family. Here, I have a large family and small town." But I enjoy it very much."

ECOLOGY

Edda Binder

BAND

Many of you may not know it, but there is an Ecology class being offered this year. It is being taught by Miss Hoopfer and Mr. Kos. Ecology is the study of living things and their environment. The purpose of this class is for students to study the problems of environment they may be faced with now and in the future.

So far this year they have gone on a hike at the Comden-Towle Woodlot and they are now in the process of trying to clean up the school grounds. They've put a lot of time and effort into this project, so why not do your part and Stop Littering!!!

STUDENT COUNCIL

On Monday, October 19, the Student Council held a meeting where final preparations for the Homecoming were made, the dance afterward, and a longer noon hour were discussed.

The cars for the parade have been lined up and the drivers have been selected. Terry Hansen, last year's Homecoming King, will crown this year's new Queen. For the dance that night, a band has been chosen, and the pop and candy machines will be left open.

It was found that containers for paper and cans will be set out by Friday night, in an attempt to get the area cleaned up.

The possibilities of a dance sponsored by the League was again discussed, with a meeting held Tuesday at Saranac.

Perhaps you've noticed, a new face in our halls, she is Edda Binder from Germany. Edda has long, dark brown hair and big brown eyes. She's a member of the mighty Senior class.

In her native country Edda has one sister who is 18 and 2 brothers at the ages of 25 and 9. Edda's parents are immigrants from Rumania. She lives with the Warner's in America and her new sister and brother are Jannean and Dave.

She's working very hard at chorus U.S. History, English composition, Gov't, Literature and French III this year.

Edda says, "Lakeview is a typical village with all the gossip and chatter that goes on." She likes it very much and is especially pleased with the High school students, and teachers.

The people are very much alike in Edda's country and ours, Edda says, "You can tell America is a young nation, it is not as old as my country and others in Europe."

can't from p. 1

Tickets sold at the door are \$2.25 for adults, \$1.50 for ages between 5 and 12, and under five is free.

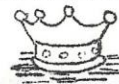

Youth members of the church act as waiters and waitresses to insure you of a very fine meal. Last years attendance was 500 persons and they hope to surpass this total this year. Everyone is invited so come and enjoy yourself at the United Church of Christ Youth Building this Saturday.

On Saturday, October 24, the Lakeview High School Band, under the direction of Mr. Ralph L. Powell, will travel to Ferris State College at Big Rapids. There they will join other bands in the Big Rapids area along with the FSC marching band to present a half time show at the Ferris State vs. Illinois State football game. Each school has been practicing their music and formations for the show. The bands will get together Saturday morning for a mass rehearsal. Free lunches will be served to the band members. Prior to the game that afternoon the bands, along with floats and other units, will form a parade through town.

Edt con't from p.2
type of thing. Another problem is the state that the cafetorium is in after noon hour. There are special students who are assigned to clean the tables but it is not their job to dispose of all the milk cartons lunch bags, trays, hamburger plates, and just plain litter that students are leaving behind on the tables. This is not an impossible thing to do, just carry your paper and litter and throw them away where they belong. Certainly if you have enough energy to run to the lunch line, you must have twice the energy after you have eaten.

These things are not hard to correct, so show our appreciation for the things that are being done for us and improve our in-school habits!!

The HOMECOMING COURT

BOB SMYTH

One of the king candidates this year is a guy named Bob Smyth. He's 5'8" tall and has brown eyes and black hair.

Bob has two pets, a dog named Chig and a STOP sign (?). Bob is the oldest in his family. He has one little sister Vicki, who is an eighth grader at Lakeview.

Cowden Lake is where he lives now but he was born in Grand Rapids and moved to Lakeview before he was in seventh grade.

Bob likes to swim, ski, and go cooning with Outman. He also likes sports, music, and taking care of my BUD plantation.

Bob likes to eat steak and pizza while listening to his favorite song, "I Can't Bare the Thought of Losing You."

His pet peeve is people not being themselves. Bob said his future plans depend on whether Mr. Hansen passes him or not.

GARY NIELSEN

Almost everyone knows that the 17 year old, blonde haired, grayish-blue eyed Gary Nielsen, is a king candidate. But does everyone know something about him?

Well, to start out with, he lives six miles south of Lakeview on Youngman Road with his 6 brothers and sisters, his parents, and a dog named Trina.

Gary plays defensive end for our football team. All of the guys on the team call him Satch.

Gary's special interests
can't next col.

can't from col. 1
are sports and hunting

In school Gary is taking the required course, Government. He's also taking Computer programming, mechanical drawing and geography. Gary is also an FTA in gym.

Gary hasn't any definite plans for the future yet, but he may go to MCC.

ROSEMARY ROBINSON

Rosemary is 16 years old, has brown hair, hazel eyes, and stands 5'5" tall. This year, as a Senior, she is taking Western Literature, Government, French II, Economics, and F.T.A. (gym).

After school hours Rose participates in many extracurricular activities, as: Cheerleading, GAA, French Club, Ski Club, and Pep Club.

Rosemary lives in Coral with her Mom and Dad. Her two brothers are married and away from home. Rose has two horses and one pony, two cats, Blackie and George.

MARKAY MOON

While strolling through our halls, you have probably seen Markay Moon, a senior and a queen candidate. She is 17, has long brown hair, blue eyes, and stands 5'1" tall.

Among the classes she is taking this year are: Western Literature, Art II, Home Furnishings, Economics, and government. Although she is involved in no extra activities, when she has a little spare time, she enjoys riding horse and snow skiing.

can't next col.

can't from col. 2

Markay is now living with her family north of Lakeview. She has one brother who is out of school and two sisters now attending L.H.S.

By the way, she is going with a big, new, Marine, Jim Nelson.

ALAN K. CHARNLEY

Seventeen-year old Alan K. Charnley is one of the three Seniors running for Homecoming King. He is a 6-foot, 150-pound bundle of personality with a lot of appeal (especially to Sue).

This year he is taking French II, Psychology, West. Literature (been sleeping much?), government, and Chemistry...oh, yes, and "Honor" Study Hall.

He seems to be quite interested in dentistry and assists Dr. Draper in his practice when he isn't zooming around the airport.

Al has 2 brothers, 3 sisters, and, as he says, "a dead cat and a live dog."

SHARYL WINTERS

Sharyl Anne Winters, 17 and a senior, is one of the candidates for Homecoming Queen. Sharyl has brown hair, brown eyes, and stands five foot, one and a half inches tall. This year as a Senior she is taking Choir, Home Ec 3, Art 3, Psychology and Government. Sharyl likes working, water skiing, Volkswagens, lico-rice and boys! She has two sisters and two brothers.

Sharyl would like to be your Homecoming Queen for the 1970-71 school year.

LET'S WIN THAT
Homecoming Game!

Editorial

The spirit in this school is atrocious. Why should the team yell to fire up the school spirit when actually the purpose of pep rallies is to bolster the team's spirit? If pep rallies are not going to serve this purpose, then why have them?

Thanks to about 80% of the student body, Friday's pep assembly was almost a total failure. Everyone seems to think that it's "uncool" to yell or show any spirit. Instead, they spend their time gossiping and holding hands while a small minority try to yell loud enough to overcome the sounds of chitter-chatter. This absolute refusal to co-operate is very discouraging to the cheerleaders, the cheering minority and the team. We suggest that the cheerleaders and the players circulate through the crowd and upon seeing any individuals not cheering, have that individual come in front of the assembly and lead a cheer. Perhaps by doing this we will gradually increase the spirit in this school.

Senior Pictures
con't page 1

The seniors had many styles of pictures to choose from. They could choose from many types of photographic oil paintings, wall-et pictures, etc. Folder styles and samples were available to be viewed on the stage so that each senior could look at them and decide which he or she liked best.

Each senior, after viewing samples, placed a tentative order before their pictures were taken. The woman taking the order, then figured up the total price of the order. This order may be changed if the seniors wish when they get their proofs back.

The photographer spent quite a lot of time with each individual posing them. He took around 7 pictures of each senior.

A \$3.12 sitting fee was charged. The seniors will pay half of their pictures price when their proofs return, and the other half when they receive their

con't column 1

pictures.

The general feeling among the seniors was confusion before each had their picture taken and horror when they learned the total price of their tentative order. After hearing the seniors talk, the average price for their pictures seems to be about \$70. Some, of course, were more, some less.

and still another tried to portage their canoe. They were tangled in sand and logs, and came up with wet feet later.

While drifting down the river, my canoe partner and I heard screams of "Help! Help! Man Overboard!" We soon realized that the Club President had broken Mom's second rule, "Don't fall in the river!" We were relieved to find him happy but slightly waterlogged.

Upon reaching our destination, we took roll and found the ten club members present, but no sponsors could be found. No one remembered having seen them recently, but about five minutes later we heard a voice calling, "Shine the flashlight over here!" We helped our sponsors reach shore safely from their leaky, wooden canoe built by Chippewa Indians some 350 years ago.

After eating, and drying out by the fire, telescopes were set up to view the night sky. The astronomers located and view many stars including the Planet Saturn.

All in all the trip was fruitful, and as our sponsor later pointed out, it had proven a scientific principle. The Club has given credit to our President Lloyd, who discovered and demonstrated--A BALL DOES NOT FLOAT. -MJF-

Volume 8, No. 2

October 15, 1970

HOMECOMING-1970!

Homecoming 1970: An event nobody will want to miss! First on the agenda for this year's Homecoming will be the Bonfire Thursday night, starting at 8:00 pm on the field alongside "the path." Friday afternoon will bring a parade for all the high school students and the band. They will parade uptown and then return to the school for a pep meeting.

Friday night another parade will take place. In this one all the class representatives, exchange students, and Kathy Johnson, as reigning queen, will ride thru town in all their glory. Representing the freshmen class will be Gloria Shaw and Rick Moblo, the sophomores will be Michelle Jourdan and Ron Waite, the juniors chose Adela Shaw and Dick Guthrie, and the senior representatives and candidates for king and queen are Sharyl Winter and Al Charnley; Markay Moon and Bob Smyth; and Rosemary Robinson and Gary Nielson. Halftime of the game with Saranac will be used to announce the new king and queen for 1970, and the royal couple will be honored at the Homecoming Dance after the game.

Office Says:

The office requests that anyone who ordered last year's annual pick them up in the office. There are a few for sale on the first come basis.

CALENDAR

Thurs. Oct. 22- Bonfire
Fri. Oct. 23 - Parade through town at 2:30
Fri. Oct. 23 - Varsity play Saranac here for our Homecoming game
Fri. Oct. 23 - Homecoming Dance after the game
Sat. Oct. 24 - FTA goes to Mt. Pleasant
Sat. Oct. 24 - Band marches at Ferris
Sun. Oct. 25 - UWS meet at Methodist Church
Mon. Oct. 26 - 9th-12th take TAP and Cognitive tests
Tues. Oct. 27 - 9th and 10th take TAP and Cognitive tests
Wed. Oct. 27 - 11th and 12th take TAP and Cognitive tests
Wed. Oct. 27 - JV play Carson City here

SENIOR PICTURES

Senior pictures were taken October 19, 20, and Wednesday--on the stage. They were taken by Powell Studios from Detroit.
con't. page 6

SOPHOMORES MEET

The sophomore class met first hour Monday in the cafetorium to select their classrings. Mr. Terryberry of the H.R. Terryberry Co. in Grand Rapids displayed the rings. Most of the class voted for square rings of the "Starfire" style, although some of the sophomores did want round rings. Later on in the day the students individually ordered either the square or round style, in their size and favored color.

UNITED WE STAND

The UWS held its slave auction Saturday, Oct. 17 as planned. It was a cold day, but the bidding was warm and the group collected over \$12.00.

The next meeting is Sunday, October 25 at the Methodist Church. Come!!

SMORGASBOARD!!

The United Church of Christ in Lakeview is sponsoring their annual Harvest Smorgasboard this Saturday, October 24 for the community from 5:00 to 7:00. The menu consists of 34 appetizer dishes, 6 different meats, a wide variety of vegetables, and desserts along with rolls, salads, and beverages.
con't. page 6

THE BAND WILL PRESENT A SHOW AT 7:30 FRIDAY NIGHT.

Editorial - WHAT ARE WE DOING!!!

If you are the usual observative student you have probably noticed that since we have been in the new school there have been quite a few changes. Such as, the music that can be heard before school, during noon hour, and after school. How many schools do you know where the students can listen to "Indiana Wants Me" while they're eating a peanut butter sandwich? Another thing that has come about is "The Student Commons." This is a place provided especially for the students to get together and do whatever it is students do when they get together. These things are all fine and wonderful but there are other things that are going on in the new school that were never too much of a problem in the old school. One thing is this swooning that is going in the halls. There are certain things that should be and are permitted, but when a girl clutches her guy because she won't see him for a whole minutes I do believe this is carrying things a bit too far. There is a time and place for everything but we believe that the halls of L.H.S. are not the place for this.

The members of the newly formed Math-Science Club started on a perilous voyage down the Little Muskegon River a week ago last Saturday. The format of the excursion was a canoe trip, a bonfire supper, and viewing the stars with telescopes.

Bundled in our winter clother (complete with fishing boots, sweatshirts and life jackets) the members of the group--three girls, seven boys, and two sponsors--piled into cars and headed for Altona. Ringing in our ears were Mother's last words, "Keep your hat on and don't fall in the river."

Arriving at the river, we unloaded the canoes and began arranging passengers in the six canoes. Of course, all the boys decided to go together, leaving the girls in the ~~one~~ canoe. At this idea, the feminine world put its foot down. The three most experienced boys too the three less experienced girls. This left two canoes with rather inexperienced male paddlers.

Starting down the river the boys tried to teach the girls the art of paddling, but soon realized that most of the navigation was left up to them. The navigation experiences that followed were incredible! For instance, some people abandoned ship, climbed on logs, pulled the canoe over the logs and cruised on down the river to the next log. One couple thinking they had been left behind, paddled 'full-speed ahead', reaching the destination second. Another ship load broke a paddle, (cont'd on pg. 6 col.3)

SPORTS with AL and DAVE

There is no greater agony for a football team to experience than the agony of defeat. But the Wildcats were forced to suffer that agony last Friday night at Central Montcalm.

It was a close knit ball game for the first three quarters, but the Hornets scored about half way through the fourth quarter. Their extra point was successful and it made the score 8-0. It remained that way the rest of the ball game.

Offensive leaders this week were Bob Andresen and Al Guilfoyle.

The cats og against the strong Saranac team this Friday for the L.H.S. Home coming.

CROSS COUNTRY

Last Thursday the cross country team lost to Central Montcalm, 17 to 40. Charlie Chapin was the first man in for Lakeview, with Wendall Martin a strong second, Gordon Olsen, Dan Large and Jon Comden the rest of the top five.

JV's Lose

Last night our JVs traveled to Saranac and were defeated. This time by the score of 36-0. The biggest mistake came after the game when Coach Van Vliet and Coach Elliot left our new medicine kit, at Saranac.

The J.V. Cheerleaders will be selling football mums before and during the homecoming game here Friday night. They will be \$1.25.

Beneath the ledge.

Don't kick those cans
Around no more;
And throw those papers
On the floor.

Or pull the rubber

and still another tried to portage their canoe. They were tangled in sand and logs, and came up with wet feet later.

While drifting down the river, my canoe partner and I heard screams of "Help! Help! Man Overboard!" We soon realized that the Club President had broken Mom's second rule, "Don't fall in the river!" We were relieved to find him happy but slightly waterlogged.

Upon reaching our destination, we took roll and found the ten club members present, but no sponsors could be found. No one remembered having seen them recently, but about five minutes later we heard a voice calling, "Shine the flashlight over here!" We helped our sponsors reach shore safely from their leaky, wooden canoe built by Chippewa Indians some 350 years ago.

After eating, and drying out by the fire, telescopes were set up to view the night sky. The astronomers located and view many stars including the Planet Saturn.

All in all the trip was fruitful, and as our sponsor later pointed out, it had proven a scientific principle. The Club has given credit to our President Lloyd, who discovered and demonstrated--A BALL DOES NOT FLOAT. -MJF-

CATS HOLD SARANAC!!

TESTING, ANYONE?

These past few days have been full of tests, for the students in grades 9 thru 12 have been taking TAP tests (Tests of Academic Progress.) These tests are designed to provide efficient and comprehensive information of student progress in different academic areas in high school.

The test is divided into six areas including social studies, composition, science, reading, mathematics, and literature. It also includes a ten-item questionnaire covering student backgrounds and plans. The juniors and seniors took the first three parts of the test Monday morning and the last three parts of the test Wednesday morning. The first half of the test was given to the sophomores and freshmen on Monday afternoon; the last half was given to them on Tuesday morning.

The scores of these tests show where the student is academically strong and weak. The scores also show how the development of students at LHS compares with the development of students in schools all over the country. The progress made by a student in high school can't. on page 4

CALENDAR

Thurs. Oct. 29 - GAA Halloween masquerade at 6:00
Fri. Oct. 30 - Srs. order Graduation announcements in Gov. classes.
Fri. Oct. 30 - Powell Studios return at 9:00
Fri. Oct. 30 - Varsity game at Carson City
Sat. Oct. 31 - 8:00 Halloween Dance in middle school cafeteria.
Sat. Oct. 31 - 8:00 am Paper Staff goes to Ferris
Tues. Nov. 3 - French Club Parent's Dinner in Cafetorium at 6:30
Wed. Nov. 4 - JV game here with Montabella

FUTURE TEACHERS of AMERICA

Mr. Hansen and Mrs. Stephan took some of the FTA students to Central Michigan University, at Mt. Pleasant to attend a FTA convention.

They ate lunch at the University center. After lunch they toured the campus.

They either walked or rode on elevators while touring the campus. Lloyd Ball just couldn't take it. He almost got sick on one elevator.

can't. page 3

HOMECOMING

We were blessed with beautiful weather for our Homecoming last Friday night and its many events.

The biggest event of the night was the way our Varsity Team held a 0-0 tie with Saranac.

At half-time, crowns were placed on the heads of Markay Moon for Queen and Alan Charnley for King. The band then played "Oh You Beautiful Doll."

Another event of the day was a parade including the band, the Homecoming court, and the All-School Float. The Pre-game show by the Lakeview High School Band was, "Spotlight on Brass."

To top the evening, when the band finally got there, many students enjoyed music by the "Mobius" at the Homecoming Dance.

F.H.A.

Last Saturday morning at 8:30, nine Lakeview girls, one mother, and Mrs. Darrow and Miss Freeland traveled to the Cedar Springs High School for the FHA regional meeting.

After everyone registered, we went to the auditorium and sang songs until the meeting started. Chairman Donna Johnston from Montabella can't. on page 4

EDITORIAL:

SLAMMING LOCKERS

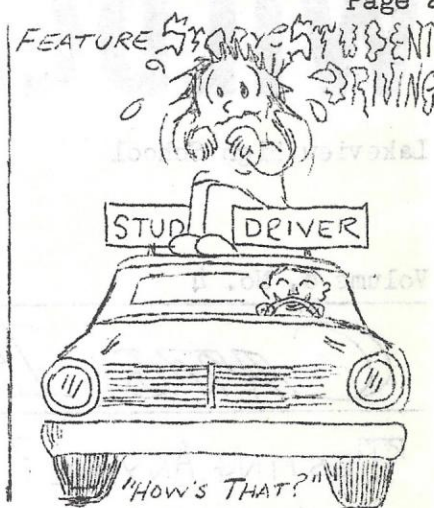

Have you noticed how whenever anyone finally gets his locker door open he immediately sticks his foot or arm inside it, so someone doesn't slam the door shut? It is supposedly very funny to slam a locker door and then stand there and watch the poor guy open it again.

Probably everyone has run into this problem during the first six weeks of school and it can be very aggravating, and sometimes dangerous. Can you imagine how it would feel to get your finger slammed in a door? Well, then think about the other guy. He just might have his hand in the door when you come up and slam it shut.

You don't like it when someone slams your door shut, so let's all have a little courtesy and quit shutting locker doors; unless it happens to be your own!

This past summer many fifteen and sixteen year olds went through the ordeal necessary so that they can drive a car.

The classes were no sweat--anybody could flunk a class. The real challenge was in the driving itself. At the beginning of the session, there were three real excited students and an instructor. When it ended, the three students were still real excited, but the instructor was nowhere to be found. Perhaps this is why:

When student A came to a stop sign, he discovered that the car had power brakes and that they worked extremely well. The persons in the back also discovered the woes of having one's seat belt too tight.

When student A went out on the highway, he seemed to have a deep fear of doing more than 35 mph. However, when student B took over, everyone got a strange feeling in their stomach as they slowly sank into the upholstery. The car had become a simulated jet rocket. Then, about the time that everyone crawled out of seats, student B proved that it's possible to go around a Con't. on pg. 4, col. 3

LOOK at SPORTS!

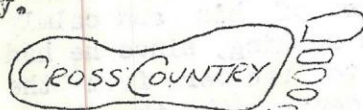

Last Friday night the L.H.S. Wildcat team took the field in hopes of winning over Saranac, the number one team in the league. The Wildcats played tough ball all throughout the game.

In the first half, Saranac threatened to score, but a great defensive play by Alan Guilfoyle on fourth down halted the Red Skins and turned the ball over to L.H.S.

Lakeview got inside the 20 yard line three times and penetrated to the ten once, but just couldn't put the ball across.

Late in the fourth quarter, Saranac threw a pass to the tackle who was in the open and headed for the end zone. The play by defensive linebacker, Bob Bowser, raced down the field with his lightning speed and caught the man before he could score, which saved the game.

Richard Houghton was leading ground gainer and Dave Abbey lead the defensive team with the most tackles. This Friday the Wildcats take on Carson City.

Last Thursday the Cross Country team lost another close one, 30-27, against Carson City. Carson City had the 1st place man at 26. Lakeview's 1st man was Gordy Olson, who was second in the meet at 14:08. This was followed by Wendall Martin at 14th, Jon Comden. con't. next col.

con't. from col.
at 7th, Dan Large at 8th, and Stene McCarthy at 9th. The next meet is at Portland the 29th, with the top 7 or 8 going to this meet.

At the GAA's last meeting it was decided that the girls would have a Halloween Party. The party will be held Thursday, October 29th. Each girl is to make and wear a mask. Plans are being made for initiation into the club in the near future.

RICH HOUGHTON
MATT MARSHAL

CHEERLEADERS

The Varsity and JV cheerleaders earned \$45 on the long-stemmed mums they sold Friday night at the Lakeview vs Saranac game. This money will also be used for the new basketball uniforms.

MATH & SCIENCE CLUB

The Math-Science Club met Tuesday afternoon, October 20, in Mr. Boerma's room.

Dues and expenses were discussed. The date has been set for the next meeting. It will be every other Tuesday night after school. Tim Cook will present the next event or educational meeting.

Carmen Johnson spoke last week of the usefulness of mathematics in mechanics. His example was a "simple" motorcycle.

J.V.'S KICK OFF

Once again our JV football team bites the mud. They played hard, but couldn't overcome the powerful Carson City Eagles. The JV's lost 18-0.

This now makes the JV football team 0-5 in the league play. They face the strong Montabella Mustang team next week at Edmore.

can also be determined by the scores of these tests. The results of these tests can be used to help students make wise decisions about what courses to take, how to best spend their study time, and what adult careers they might consider.

FHA

con't from pg. 1
bella High School opened the meeting.

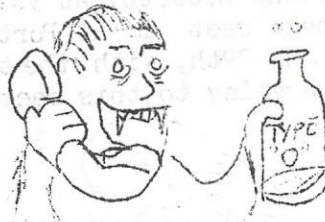

The main speaker was Mr. Frank Kappler. He gave a very fine speech on prejudice, its causes and elimination.

At 12:00 we were excused for lunch. The Dark Night Dawns, a group of four boy musicians, entertained us with their music and singing. Many of the girls got up to dance. We all agreed that the boys were very good at "doing their own thing."

Around 1:30 we went back to the auditorium. A talk was given by Mrs. Graper on the purpose of our club. A paper rose was assembled with eight petals signifying the eight purposes. It fit in very well with this year's theme: "Everything is Beautiful."

After the business meeting had been conducted, we watched a movie, "The Victim." It showed the many kinds of prejudice in the world today.

New officers were chosen for the 70-71 year. Donna Johnston closed the meeting. Then the girls got on the busses to go home, tired, but with happy memories of the many new friends they had met.

"HELLO." BLOOD BANK?
I'D LIKE TO MAKE
A WITHDRAWAL!"

FELLOW FRESHMEN

Fellow Freshmen,
Year of '74,
Follow today
As we open the door
To greater knowledge,
Wider wisdom.
Stand up now
For what is ours.

You will agree
I am sure
That '74
Is the greatest year.
This is the pathway,
'74; the door
That leads to greatness
And many things more.

So come together,
United we stand,
Beating the others
Hand in hand.
'74's our year;
'74's best.

Live up to our year
We'll beat the rest.

con't from pg. 2

curve at 75 mph. Again those in back found that a loose seat belt feels better than a tight one.

Then student C took over and did a perfect 55 mph--right down the center of the road. This merely caused the instructor to put on the emergency brake and discuss the virtues of driving on the proper side of the road. To add to the excitement, a three ton truck was also making use of his right to use the highway, only he is in the center, too.

Students A and B had driven a clutch car before, and were doing beautifully in it, but student C had yet to know what a clutch was. According to instructions, he shifted into first and at about 15 mph, shifted into second and gained speed until he was ready to shift into third, and promptly kicked it back into first, causing the motor to let out a groan and spit gears all over. The second time, student C found that shifting into reverse from first is not the same as shifting from first to second. Again, the instructor made use of that nifty little brake of his and calmly said nothing, since he had yet to recover from the incident with the three ton truck.

Spee Domiter

FTA con't from pg. 1

Then they attended a secondary education lecture. Around 2:00, after a tiring day, the FTA students returned to Lakeview.

PAPER STAFF AT FERRIS.

Early Saturday morning, October 31, 1970, eight students--Genny Towne, Marilyn Main, Bob Smyth, Linda Towne, Terri Butler, Jim Middleton, Sue Molitor, and Paula Butler--went with Mr. Z. to a workshop at Ferris State College.

After registration a General Assembly was held in the dome room. Here we listened to a speech given by Dr. Donald Butcher from Michigan State University. This introductory speech suggested communication problems existing between a publication and readers and/or between persons. He listed the following: ignorance, indifference, interest, involvement, information, inertia, imagination, intelligence, and integrity. He allowed that there might be others to be (cont. page 6 col.1)

KOSFIELD

Remember last year when petitions were signed for our new football field to be named after Mr. Kos? It will be a reality Friday night, when the Lakeview Wildcats meet the Montabella Mustangs. At half time Mr. Kos will be presented with a plaque, upon which the dedication has been inscribed. After the ceremony, the plaque will be placed on a stone monument near the football field entrance.

Calendar

- Fri. Nov. 6- Seniors choose colors for caps and gowns in Gov. class
- Fri. Nov. 6- Varsity game here with Montabella.
- Fri. Nov. 6- Dance after game sponsored by GAA
- Sat. Nov. 7- UWS hayride at 7:30 at Molitors.
- Sun. Nov. 8- UWS meets at United Church of Christ
- Mon. Nov. 9- Ferris Youth Symphony Band tryouts.

UNITED WE STAND

Sunday, October 25, the United We Stand Youth Group held a business meeting at the Methodist Church. Officers were elected and the slave auction was discussed. Since very few of the members attended the slave auction, very little money was earned.

Also, it was decided that next Saturday, Nov. 7, the U.W.S. will have an environmental day with emphasis on banning leaf burning, since it contributes to pollution. The U.W.S. will have a fenced cont. page 3, col. 3

PLAY - Flowers for Algernon

For the past week, students throughout Lakeview High have been trying out for parts in this year's play--Flowers for Algernon. The play centers around the life of Charlie Gordon, a thirty-eight-year-old man who is retarded. Charlie undergoes an operation and slowly begins getting smarter and smarter until he becomes a genius. But, nearing the end of the play, he returns to his former state of mind.

Tuesday noon, leads for the play were posted as below:

Charlie Gordon-Al Guilfoyle
Alice Kinnian-Judy Hubbard
Dr. Strauss-Chris Stout
Professor Nemus-Art Hersey
Burt-Rick Brown
Mother-Cindy Mathis
Father-Bob Smyth
Norma-Jannean Warner

Editorial: DON'T LITTER!!

Are you one of the guilty people who leaves gum wrappers, pop cans, and other litter on the tables and floors? If you are, this editorial is directed to you. I have noticed an increasing number of bits of paper left lying around after class. Everyone of us should do his part and pick up after himself instead of leaving our garbage for other people to pick up. There are wastebaskets in every room, and there has been provided special trash containers for pop cans. USE THEM!!

The ecology class put a lot of hard work into painting and placing litter barrels near the football field. Why don't we all show the visitors at our next game that we have pride in our school. Keep the field free from unsightly litter. USE THE LITTER BARRELS!!! If you have enough energy to throw litter down anywhere, then you have enough energy to dispose of it properly. Remember: Every litter bit hurts--YOU!!

FEATURE STORY:

TAP YOUR BRAIN

While attending school during the past few weeks, I have noticed many bewildered, despairing, and tired faces on the majority of the student body. I have diagnosed this strange illness as not just "tired blood," but the Competitive Testing Programs!

It all started when I heard two Seniors remark, after returning from Montcalm Community College and the American College Test, "I spent my entire Saturday writing a test which told me to go back to Kindergarten."

The next ordeal that was endured by students was the Michigan Math Test. This test was taken by students who felt they were quite successful in Math. It cost us fifty-cents to find out how little we really knew about Math.

While I was trying to think about a particular problem, I began tapping my pencil on the table only to realize that the person sitting next to me was tapping his pencil also. Unfortunately the Table did not know the answer either!

After finishing the Math Test, several students had lost some of the original confidence and were in a daze. For example, one student told me, "I know I got two problems right but other than that--ah, ah(!)?"

Remember the TAP Tests that we attempted last Monday, Tuesday, and Wednesday? I observed most people as entering the testing room confident, excited and perhaps wondering what the tests would be like. It was interesting trying to (cont'd on pg 6)

SPORTS with Al - DAVE CHARLIE

VARSITY

Last Friday the Wildcats traveled down to Carson City and pulled off a shaky win.

The cats just couldn't seem to put it together, but did come out on top with a narrow margin of victory 14-8.

On the first play of the game Bob Andresen dropped back to pass to Matt Marshall and was intercepted which setup Carson's score.

After a few plays and penalties, Carson reached the six. On the next play the ball was fumbled by Carson but they jumped on it in the end zone for the T.D. The extra points were good.

In the second quarter the Cats penetrated the five, where Rich Houghton plunged across for the score. Andresen then threw for the two point conversion to Al Guilfoyle, leaving the score 8-8 at half.

Early in the fourth quarter, Rich Houghton again ran around the end for the final score.

Rich Houghton lead in tackles this week with 9 tackles and 3 assists, Dave Cross was 7-5 and Bob Bowser with 5-7.

Rich was also leading yard gainer with 134 yards.

This week the Cats their final game against Montabella, who is in first place.

This game will be the last for the 13 seniors on the varsity squad. They cont'd col. 2 See Varsity)

VAR-SITY-cont'd from col. 1
Are LARRY GOULET, RICH HOUGHTON, DAVE CROSS, GARY NIELSEN, BOB BOWSER, STEVE APPLEY, AL GUILFOYLE, BOB ANDRESEN, GARY DEGRAM, BOB SMYTH, PAUL FITZNER, DAN COMDEN, and STEVE CHAPIN.

Let's get behind our Cat team and these 13 guys Friday night so Lakeview can come off the field a proud victor.

J.V.'s. Finished

Our Junior Varsity Football team went into their last football game of the season last night against the very strong Montabella squad and, once again came out on the short end. The board though, with Eldon Young going in from the forty on a fine offensive play. The score ended up 46-6, Edmore.

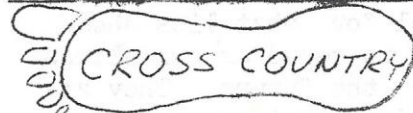

Leading tackler

RICH
HOUGHTON

Offensive leader

BOB

ANDRESEN, RICH HOUGHTON

The Cross Country team won a meet over Portland 24-37. Wendell Martin, the first man in for Lakeview, was second in the meet. Gordy Olsen 4th, Charlie Chapin 5th, Dan Large 6th, Jon Comden 7th, and Mac McCarthy 8th, Dan Scott was 9th.

Pep Club

The Pep Club has been busy lately making signs.

At the last meeting ways were discussed to make money, and decided to have a bake goods sale.

It was a really good sale; people brought all sorts of goodies and almost enough money was made to order more paper and paints.

CHEERLEADERS

The Cheerleaders, in honor of the last football game, proclaimed Tuesday that the remainder of the week should be "Pep Week." Wednesday was ribbon day, today is "Lick Day" and Friday will be "Blue Jean Day." If the student body wears blue jeans, they can sit on the floor during the pep assembly, where the senior football players will be honored.

Next week Monday, Tuesday, and Wednesday will be cheerleading tryouts for the ninth graders at the middle school.

HALLOWEEN'S AFTERMATH

Halloween was relatively quiet this year. Most of the goblins, witches, and pirates were home early. But there were a few devils still out. There was no serious destruction, just a little window soaping, egg throwing, and pumpkin smashing. If you saw something fly through the air, then feel something hard hit your head, and finally something soft run down the side of your face, it was probably an egg coming Page 6, cont'd)

NO GRADES i????i

The Biology Class is conducting a new grading experiment this year. The experimental program will consist of not assigning letter grades (A,B,C,D, and E) to the students. Constructive criticism, feedback and self evaluation by the students themselves and the teacher will be used in place of grades. It is hoped that this means of evaluation will cause a student to learn to accurately evaluate himself and find his own weakness and try to correct it.

The students have taken the attitude that everyone in the class is on an equal basis. In Biology there are many experiments which require the students to work together to solve experimental problems. The students are trying to develop an air of cooperation rather than one of competition.

This experiment takes away the grades that may be threatening some students to work not for grades but the knowledge that they will attain.

The F.H.A. is joining the fight for a cleaner environment. Saturday morning the F.H.A. girls will clean up Kos field. Let's all respect our new football field!

A POEM:

DAY DREAMING

Go; and my mind wanders
Over landscaping in my head;
I see, not by eyes,
but by sense.
My hand fleetingly moves
to draw
Phantom-etchings upon once
empty air.
Now; coded in colored,
scattered thoughts.
I exist in imagination
I run by a stream, insight
into
Life's freedom-a bubbling
spring of ideas.
I am in life, but for now;
I wander, not touching it.
Escape, and I run.
Lo, I sit in reverie,
to dream.
-S.L.M.

OFFICE NEWS

COUNSELLING

Did any of you miss our counsellors on Monday?? Mrs. Stephan and Mr. Densmore attended the Michigan Personnel and Guidance Association Convention, November 2 at the Pantland Hotel. The goals of the convention were to become aware; to incorporate united thinking; to serve as a learning tool for what lies ahead; and to serve as guidelines for the future. They attended various meetings throughout the day.

HUNTING POLICY

This year to be able to hunt students should apply to the Principal for an advanced absence excuse to be signed by teachers and parents. The number of the students hunting license is also needed.

SENIORS MEET

Last week Wednesday, October 28, after completing the Tests of Academic Progress the mighty Seniors proceeded to try to carry out a class meeting.

First on the agenda was the decision of announcements which were displayed in the trophy case adjacent the main office. Voting took place and the decision was placed upon number 1.

The Seniors also voted upon sponsoring a Christmas dance in order to obtain some money for a class trip. It seems some of these mighty seniors neglected to pay dues from their junior year. These back dues must be paid, besides the \$6.00 dues for this year, by January 29, 1971.

After this the meeting was closed and we all ran to be first in the lunch line to devour some of that delicious food!

LIBRARY CLUB TRIP

Monday, November 2, our Library Club and Audio-Visual members attended a Regional Meeting at Comstock Park.

During this meeting Dr. Crahan from the state department showed a film on libraries in the future. Also, the members toured Grand Valley State College.

PAPER STAFF AT FERRIS.

Early Saturday morning, October 31, 1970, eight students--Genny Towne, Marilyn Main, Bob Smyth, Linda Towne, Terri Butler, Jim Middleton, Sue Molitor, and Paula Butler--went with Mr. Z. to a workshop at Ferris State College.

After registration a General Assembly was held in the dome room. Here we listened to a speech given by Dr. Donald Butcher from Michigan State University. This introductory speech suggested communication problems existing between a publication and readers and/or between persons. He listed the following: ignorance, indifference, interest, involvement, information, inertia, imagination, intelligence, and integrity. He allowed that there might be others to be (con't. page 6 col.1)

PLAN - Flowers for Algernon

For the past week, students throughout Lakeview High have been trying out for parts in this year's play-Flowers for Algernon. The play centers around the life of Charlie Gordon, a thirty-eight-year-old man who is retarded. Charlie undergoes an operation and slowly begins getting smarter and smarter until he becomes a genius. But, nearing the end of the play, he returns to his former state of mind.

Tuesday noon, leads for the play were posted as below:

Charlie Gordon-Al Guilfoyle
Alice Kinnian-Judy Hubbard
Dr. Strauss-Chris Stout
Professor Nemus-Art Hersey
Burt-Rick Brown
Mother-Cindy Mathis
Father-Bob Smyth
Norma-Jannean Warner

Calendar

- Fri. Nov. 6- Seniors choose colors for caps and gowns in Gov. class
- Fri. Nov. 6- Varsity game here with Montabella.
- Fri. Nov. 6- Dance after game sponsored by GAA
- Sat. Nov. 7- UWS hayride at 7:30 at Molitors.
- Sun. Nov. 8- UWS meets at United Church of Christ
- Mon. Nov. 9- Ferris Youth Symphony Band tryouts.

UNITED WE STAND

Sunday, October 25, the United We Stand Youth Group held a business meeting at the Methodist Church. Officers were elected and the slave auction was discussed. Since very few of the members attended the slave auction, very little money was earned.

Also, it was decided that next Saturday, Nov. 7, the U.W.S. will have an environmental day with emphasis on banning leaf burning, since it contributes to pollution. The U.W.S. will have a fenced
cont. page 3, col. 3

KOSFIELD

Remember last year when petitions were signed for our new football field to be named after Mr. Kos? It will be a reality Friday night, when the Lakeview Wildcats meet the Montabella Mustangs. At half time Mr. Kos will be presented with a plaque, upon which the dedication has been inscribed. After the ceremony, the plaque will be placed on a stone monument near the football field entrance.

Editorial: DON'T LITTER!!

Are you one of the guilty people who leaves gum wrappers, pop cans, and other litter on the tables and floors? If you are, this editorial is directed to you. I have noticed an increasing number of bits of paper left lying around after class. Everyone of us should do his part and pick up after himself instead of leaving our garbage for other people to pick up. There are wastebaskets in every room, and there has been provided special trash containers for pop cans. USE THEM!!

The ecology class put a lot of hard work into painting and placing litter barrels near the football field. Why don't we all show the visitors at our next game that we have pride in our school. Keep the field free from unsightly litter. USE THE LITTER BARRELS!!! If you have enough energy to throw litter down anywhere, then you have enough energy to dispose of it properly. Remember: Every litter bit hurts--YOU!!

FEATURE STORY: TAP YOUR BRAIN

While attending school during the past few weeks, I have noticed many bewildered, despairing, and tired faces on the majority of the student body. I have diagnosed this strange illness as not just "tired blood," but the Competitive Testing Programs!

It all started when I heard two Seniors remark, after returning from Montcalm Community College and the American College Test, "I spent my entire Saturday writing a test which told me to go back to Kindergarten."

The next ordeal that was endured by students was the Michigan Math Test. This test was taken by students who felt they were quite successful in Math. It cost us fifty-cents to find out how little we really knew about Math.

While I was trying to think about a particular problem, I began tapping my pencil on the table only to realize that the person sitting next to me was tapping his pencil also. Unfortunately the Table did not know the answer either!

After finishing the Math Test, several students had lost some of the original confidence and were in a daze. For example, one student told me, "I know I got two problems right but other than that--ah, ah(!)?"

Remember the TAP Tests that we attempted last Monday, Tuesday, and Wednesday? I observed most people as entering the testing room confident, excited and perhaps wondering what the tests would be like. It was interesting trying to (cont'd on pg 6)

SPORTS with Al - DAVE CHARLIE

VARSITY

Last Friday the Wildcats traveled down to Carson City and pulled off a shaky win.

The cats just couldn't seem to put it together, but did come out on top with a narrow margin of victory 14-8.

On the first play of the game Bob Andresen dropped back to pass to Matt Marshall and was intercepted which setup Carson's score.

After a few plays and penalties, Carson reached the six. On the next play the ball was fumbled by Carson but they jumped on it in the end zone for the T.D. The extra points were good.

In the second quarter the Cats penetrated the five, where Rich Houghton plunged across for the score. Andresen then threw for the two point conversion to Al Guilfoyle, leaving the score 8-8 at half.

Early in the fourth quarter, Rich Houghton again ran around the end for the final score.

Rich Houghton lead in tackles this week with 9 tackles and 3 assists, Dave Cross was 7-5 and Bob Bowser with 5-7.

Rich was also leading yard gainer with 134 yards.

This week the Cats their final game against Montabella, who is in first place.

This game will be the last for the 13 seniors on the varsity squad. They cont'd col. 2 See Varsity)

VARISITY-cont'd from col. 1
Are LARRY GOULET, RICH HOUGHTON, DAVE CROSS, GARY NIELSEN, BOB BOWSER, STEVE APPLEY, AL GUILFOYLE, BOB ANDRESEN, GARY DEGRAM, BOB SMYTH, PAUL FITZNER, DAN COMDEN, and STEVE CHAPIN.

Let's get behind our Cat team and these 13 guys Friday night so Lakeview can come off the field a proud victor.

J.V.'s. Finished

Our Junior Varsity Football team went into their last football game of the season last night against the very strong Montabella squad and, once again came out on the short end. The board though, with Eldon Young going in from the forty on a fine offensive play. The score ended up 46-6, Edmore.

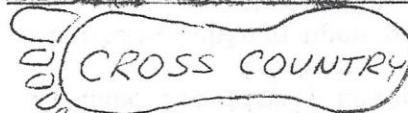

Leading tackler

RICH
HOUGHTON

Offensive leader

BOB
ANDRESEN, RICH HOUGHTON

The Cross Country team won a meet over Portland 24-37. Wendell Martin, the first man in for Lakeview, was second in the meet. Gordy Olsen 4th, Charlie Chapin 5th, Dan Large 6th, Jon Comden 7th, and Mac McCarthy 8th, Dan Scott was 9th.

Pep Club

The Pep Club has been busy lately making signs.

At the last meeting ways were discussed to make money, and decided to have a bake goods sale.

It was a really good sale; people brought all sorts of goodies and almost enough money was made to order more paper and paints.

CHEERLEADERS

The Cheerleaders, in honor of the last football game, proclaimed Tuesday that the remainder of the week should be "Pep Week." Wednesday was ribbon day, today is "Lick Day" and Friday will be "Blue Jean Day." If the student body wears blue jeans, they can sit on the floor during the pep assembly, where the senior football players will be honored.

Next week Monday, Tuesday, and Wednesday will be cheerleading tryouts for the ninth graders at the middle school.

HALLOWEEN'S AFTERMATH

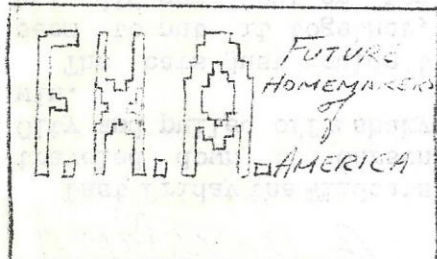

Halloween was relatively quiet this year. Most of the goblins, witches, and pirates were home early. But there were a few devils still out. There was no serious destruction, just a little window soaping, egg throwing, and pumpkin smashing. If you saw something fly through the air, then feel something hard hit your head, and finally something soft run down the side of your face, it was probably an egg coming Page 6, cont'd)

NO GRADES ?????

The Biology Class is conducting a new grading experiment this year. The experimental program will consist of not assigning letter grades (A, B, C, D, and E) to the students. Constructive criticism, feedback and self evaluation by the students themselves and the teacher will be used in place of grades. It is hoped that this means of evaluation will cause a student to learn to accurately evaluate himself and find his own weakness and try to correct it.

The students have taken the attitude that everyone in the class is on an equal basis. In Biology there are many experiments which require the students to work together to solve experimental problems. The students are trying to develop an air of cooperation rather than one of competition.

This experiment takes away the grades that may be threatening some students to work not for grades but the knowledge that they will attain.

The F.H.A. is joining the fight for a cleaner environment. Saturday morning the F.H.A. girls will clean up Kos field. Let's all respect our new football field!

A POEM:

DAY DREAMING

Go; and my mind wanders
Over landscaping in my head;
I see, not by eyes,
but by sense.

My hand fleetingly moves
to draw
Phantom-etchings upon once
empty air.

Now; coded in colored,
scattered thoughts.
I exist in imagination
I run by a stream, insight
into

Life's freedom—a bubbling
spring of ideas.
I am in life, but for now;
I wander, not touching it.
Escape, and I run.

Lo, I sit in reverie,
to dream.
—J.L.M.

OFFICE NEWS

COUNSELLING

Did any of you miss our counsellors on Monday?? Mrs. Stephan and Mr. Densmore attended the Michigan Personnel and Guidance Association Convention, November 2 at the Pantland Hotel. The goals of the convention were to become aware; to incorporate united thinking; to serve as a learning tool for what lies ahead; and to serve as guidelines for the future. They attended various meetings throughout the day.

HUNTING POLICY

This year to be able to hunt students should apply to the Principal for an advanced absence excuse to be signed by teachers and parents. The number of the students hunting license is also needed.

SENIORS MEET

Last week Wednesday, October 28, after completing the Tests of Academic Progress the mighty Seniors proceeded to try to carry out a class meeting.

First on the agenda was the decision of announcements which were displayed in the trophy case adjacent the main office. Voting took place and the decision was placed upon number 1.

The Seniors also voted upon sponsoring a Christmas dance in order to obtain some money for a class trip. It seems some of these mighty seniors neglected to pay dues from their junior year. These back dues must be paid, besides the \$6.00 dues for this year, by January 29, 1971.

After this the meeting was closed and we all ran to be first in the lunch line to devour some of that delicious food!

LIBRARY CLUB TRIP

Monday, November 2, our Library Club and Audio-Visual members attended a Regional Meeting at Comstock Park.

During this meeting Dr. Crahame from the state department showed a film on libraries in the future. Also, the members toured Grand Valley State College.

DEDICATION of KOS FIELD.

During the half-time of our football game last Friday night, a very memorable moment was born. It was the night in which the football, baseball and track fields were dedicated to Mr. James Kos, our former Superintendent.

Mr. Kos has served our school for 32 years and has helped this school come a long way. This is one of the many reasons we wanted the athlete complex dedicated to him.

The band marched onto the field and stood in the formation of K.O.S. the entire half-time. Rosemary Robinson and Jackie Bennett represented the cheerleaders and presented Mr. Kos with a dozen roses.

Mr. Glenn Herzog, the former President of the School Board, then gave a speech and presented Mr. Kos with a replica of the plaque which was placed on a stone in the southeast corner of the football field. Larry Goulet and Paula Butler then unveiled the plaque for the public to see. Mr. Kos made a few comments of acceptance. The band played "Those Were The Days" in Mr. Kos's honor.

UNITED WE STAND -

The U.W.S. had a good turnout Saturday afternoon when they raked leaves and hauled them to the park. We thank everyone who par-

SENIOR HAYRIDE

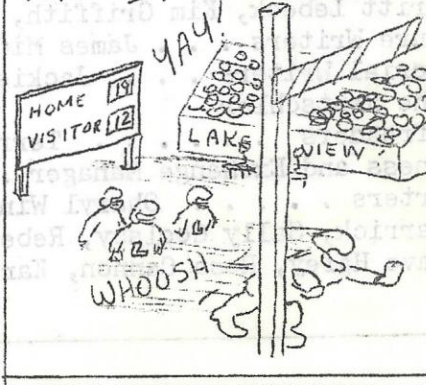

Seniors unite! Saturday, November 14 at 7:00 all Seniors should be on their way to making the first of many memorable experiences of the Class of '71. The fun begins at Gary Nielsen's house (on Youngman Road) with a hayride--3 wagons and tractors, hay, and 120 kids! The wagons will follow the trails to the bonfire site, at which time the Seniors will warm up for the ride back. Upon arriving back at Nielsen's, the group will drive to the town hall for dancing and refreshments at approximately 9:00.

The evening will be supervised, but the high school is not associated with the activities.

Seniors should bring 50¢ each to finance the evening.

CONGRATULATIONS to
 COACH BOYD &
 The Wildcats

EDITORIAL:TIC
TIC
TIC*TIME WAITS FOR NO ONE...*

Doesn't it seem funny, when you think about it, that football season is over already? It seems like just a couple days ago we were playing Greenville on our new field; and had just started school. But here it is already the middle of November. In less than three weeks we'll start basketball season, and then we'll have Christmas vacation. After that will be first semester finals. By the end of February basketball season will be ending and operetta will start. And all this time people aren't really realizing what is going on--the year's flying by! You'll never have another year like this one--NEVER!! Are you making the most of it? After the operetta the Seniors will really be showing bad cases of "Senioritis" and everybody else will be getting bored with the whole idea of school. So try to get involved. Make this year a memorable one for yourself. Remember: Time waits for no one.

FEATURE STORY

Strange Creatures in the
Hallways (A Scientific
Study)

Creatures Number 1&2
THE ROVING LOVEBIRDS
(Aves d'Amour Rovininous)

These creatures come only in groups of two (of opposite gender) and seem always to be found in the hallways between class periods. They have a wing-spread of about 11 feet, and constantly use this as a means of attachment to one another. Average speed is about six feet per hour, except when a large crowd is behind them waiting to go to the buses, when it is four feet per hour. If one should observe closely, one can see little red hearts and electric sparks floating between them.

Creature Number 3
THREE TOED STOMPER
(Big foot Maximus)

.....
This animal may be found in almost any large crowd, making sure that everyone has his share of black and blue toes. Its wearing apparel is that of a normal person, but its shoes are a pair of large army boots containing spikes. It finds its pleasure in seeing people groan and get red in the face. NOTE: THIS ANIMAL PREFERS GIRLS' SMALL FEET.

Creature Number 4
THE SPEEDING WHIZZER
(Zippous DO-Dayous)

.....
This creature has yet to show its characteristics because whenever seen, it

SPORTS:

SEASON ENDS
WITH A
BANG

The L.H.S. football team went into their last game of the season last Friday night and through great and effort, knocked off the undefeated Edmore Football team.

The Wildcats played, by far, their best game of the season.

The Mustangs scored early in the game to take a 6 to 0 lead, but the Cats came back with an outstanding run by fullback Rich Houghton to make it 6 - 6. Bob Guthrie then put a field goal through for a point and the Wildcats led at half-time, 7-6.

This was the first time Montabella had been behind in league play and it must have really rattled them, because at the start of the second half, an Edmore Mustang fumbled the ball. Bob Guthrie fell on it, and while fighting over it with the Edmore ball player, scooped it up to Bob Andresen who went in for six.

Both teams made TD's later in the second half. Late in the fourth quarter the Wildcats went into a goal line stand on the three yard line. They held and with 1:29 left on the clock, the Cats took possession of the ball and ran the clock out. The game ended 19-12.

This now makes the Wildcats 4:3:1 in their season action.

Con. next column

CROSS COUNTRY

Last Tuesday the League Meet was held at Central Montcalm. On this wet, rainy, and cold day, our Cross Country team came in 4th, and therefore ended up 4th in the league. Martin was 1st for Lakeview, followed by Chapin, Large, Olsen, Comden McCarthy, and Scott. This ended Cross Country for this year.

Otis Benton is to be recognized for his great defensive play with 7 tackles and 7 assists and Steve Abbey, a close second, with 7 tackles and 5 assists.

Houghton carried the ball 19 times for 107 yds. and 2 TD's.

CHEERLEADING

The 7th, 8th, and 9th grade girls practiced hard for cheerleading tryouts which were held Wednesday, November 11, at 3:45 in the middle school. The Varsity and the J.V. Cheerleaders taught them two cheers, two sidelines, and two jumps. These girls were judged on various things.

The results were as follows: 7th-Denise Beardslee, Danette Chapin, Cheryl Leonard, Paula Main, Pam Riley. 8th-Annette Abbey, Marilyn Goulet, Carla Johnson, Montarae Moon, and Cindy Stout. 9th-Sandra Nielsen, Becky Nelson, Patti Johnson, Ann Charnley, and Ann Pontius.

The Varsity and J.V. Cheerleaders would like to thank everyone for making pep week a successful one.

BASKETBALL

Monday night basketball practice started with sixteen candidates out for the team and twelve positions to be filled. The team should be the tallest team in many seasons past.

Returning from last years team will be one starter, Bob Andresen, and lettermen Dave Cross, Rich Houghton, Al Guilfoyle, and Bob Bowser. Lettermen Larry Goulet will serve as assistant manager under Carmen Johnson.

The first game is Tuesday, December 1, 1970, at 6:30 against the 'purple gang' from Greenville.

FRENCH CLUB

The French Club's Annual Parents Dineer was held last Tuesday, November 3rd, at 6:30 P.M. Old and new club members were present and their parents were the special guests.

At the dinner, the French I students were formally initiated. These students were dressed in various costumes, including doctors, little girls, dolls, and even a cowboy. During the school day, every time they met a French Club member they bowed three times and said their name and the occupation that was being represented by their costumes.

After a delicious pot-luck dinner, the French I Students were asked questions in French, which they answered in unison. Mrs. Gregg was presented with a small gift in appreciation for her sponsorship of the Club. This was followed by Club members and their parents singing several French songs in francais.

Later, came the big event of the evening. The French II and III classes presented a comic play version of the story of "Cinderella" in French.

The wonderful meal was enjoyed by everyone and the nervous French I students were very glad when initiation was completed.

FUTURE FARMERS of AMERICA

The initiation for green hands and chapter farmers was held Tuesday, November 10, 1970. Whoop-eeeeee!!

Creature 4 (con't)

is merely a large blur. Average speed is unknown, but it is believed to be somewhat close to that of a jet plane's at 50000 feet. It knows but one phrase, which has been translated to mean something along the line of, "Gangway!" Signs of this creature coming is the ever-noticeable rising cloud of dust. It is simple to see where it has been by following the line of knocked-over bystanders, sprawled books and pencils, and papers fluttering to the ground.

Creature Number 5 (a group)

THE PERFUMED ODORS

(Smellus-A-Mile-Awayus)

.....
These animals are the female species of THE ROVING LOVEBIRDS (creature #1), in search of their mate. Each individual has a smell of her own, which is used by the male as a detection device, but since they never travel in groups fewer than 15, the combination of these smells is enough to drop a horse or any other living thing at 20 paces. They have a language all their own where they all talk at once, sounding extremely like a Chipmunk record being played backwards.

Naturalists interested in finding these creatures will not have a difficult time—just follow your nose and have a gas mask handy.

—Prof. Marcus Swelbyus

Friday there will be only half a day of school in the morning... (the other half will be in the afternoon!)

FUTURE NURSES of AMERICA

The FNA I students have begun to work in the hospital and are learning how to give the best care to their patients. They have new blue and white uniforms this year. They have already staged a disaster drill for the hospital and are tentatively planning several trips to different institutions—St. Mary's in Grand Rapids, Gerber's Baby Food Company, and the State Home in Mt. Pleasant.

The FNA II girls are all wrapped up in obstetrics and have been working in the maternity ward. They have also been planning a play for the Hospital Guild.

UWS con't from pg. 1

anticipated. The hayride was held Saturday night for all people that had attended one of the fund raising projects. This started and ended at Molitor's.

Sunday night a regular meeting was held and it was decided that U.W.S. would rake the leaves in the cemetery across from Molitors on Gravel Ridge road. This will be done next Saturday at 2 p.m.

BAND con't from pg 1

with a number or two for sight reading. In about a week these students will receive word on whether or not they are accepted as a member of the Ferris Youth Symphony Band.

WILDCAT CHRONICLE

Lakeview High School

Lakeview, Michigan

Volume 8, no. 7

November 19, 1970

SCHOOL PLAY: *Flowers for Algernon*

Friday and Saturday, November 20 and 21, Lakeview High School will present *Flowers for Algernon*, curtain time 8:00 p.m., in the cafetorium of the high school. Tickets may be purchased from any of the cast members or at the door.

The play, *Flowers for Algernon*, is based on the novel by Daniel Keyes in which Charlie Gordon, a 37 year old moron, is the willing recipient of a brain operation which increases his mental capacity. Thus, by constant study, and with the aid of his teacher, Miss Kinnian, whom he later falls in love with, he raises his intelligence to the level of a genius. Unfortunately, his emotional development cannot keep pace with his intellectual development and problems result. (cont'd page 4, col. 2)

SENIORS TEST

On Saturday, November 14, about 60 Seniors took the Michigan Competitive Scholarship Test at Montcalm Community College. Many of the other area Seniors also took the test.

The purpose of the test is to give students an opportunity to qualify for state scholarships and financial aid for college. The students will be selected on a competitive basis and may receive up to \$800 in financial aid.

LOOK FOR THE NEXT ISSUE OF THE WILDCAT CHRONICLE NEXT WEDNESDAY!!

Calendar

Fri. and Sat. Nov. 20 & 21-
All School Play, Cafetorium.
Sun. Nov. 22- U.W.S. at the
Methodist Church.
Mon. Nov. 23- F.H.A. "Shopper Show" in Home Ec Room
Thurs. & Fri., Nov. 26 & 27-
THANKSGIVING VACATION.

W. M. U. Visited

On Wednesday, November 18, Western Michigan University was visited by seventeen members of the Senior class and their three drivers, Mrs. Molitor, Mrs. Dunce, and Mrs. Stephan. The group left at around 8:20 Wednesday morning, and arrived in Kalmaquoo shortly after 10:00. They toured the Physics, Biology, Phys. Ed., and Theater departments, guided by Mr. Dale Freeland, (Physics major and Home Ec teacher, Miss Greeland's brother) and Debbie Molitor (Sue's sister, and former Student of LHS). Later in the afternoon after lunch at McDonalds, the group (cont'd page 3, col. 2)

Government Day

Five Seniors and Mr. Hansen attended the 21st annual Government Day planning session on November 12. The meeting began at 9:30 in the auditorium at M.C.C. Mr. D. Hale Brake Stanton conducted the meeting on behalf of the Michigan Townships Association.

Six local schools—Carson City, Central Montcalm, Lakeview, Montabella, Cedar Lake, and Vestaburg—will be attending Government Day on January 7. There will be 595 seniors representing the various schools. Each will choose two of the sessions to attend, one in the morning and one in the afternoon.

There will be resource people coming who will answer questions on such things as Juvenile Problems, Selective Service, Drug Addiction, Law Enforcement, Legislation, Elections, Education, Civil Rights, Responsibilities of Citizens, Conservation and pollution, and Higher Education (Campus Disturbances).

The Government Day welcoming and closing sessions will be held at Central Montcalm High School, and group sessions will be at M.C.C.

Editorial: New Books

For Your Enjoyment

Have you noticed that we have been receiving many new books for the library lately? There are books for everyone, no matter where your interests lie, such as; for the future homemaker the books, Home Decorating and Improvement and How to Live on Your Income are there for the asking. For the science student there are two books, Living Tomorrow Today and History of Rocketry and Space Travel. If you're just a teenager, you'll find, How to Stand Up for What You Believe, and Understanding Fear in Ourselves and Others, very interesting.

As the weeks go by you'll be finding more new books in the library for your enjoyment.

LOOK at the Birdie!
and say Cheese!
How is your smile? Have you been practising it in front of a mirror?

The smile syndrome started when the Seniors began posing for their pictures. After primping all night with their hair, the Senior girls had their pictures taken in several different poses. Looking handsome in their dashing suits and ties, the Senior boys had their pictures taken also. One Senior boy arrived at school immaculate in suit and tie, but exhausted, remarking, "Girls are lucky; all they have to do is pull on a sweater!"

The remainder of the student body had the joy of smiling before a photographer last Tuesday. Putting \$2.00 in the large money box, I sat before the photographer, received the name of "Granny", looked at the photographer's hand, and left the stage with white spots in front of my eyes. It all happened so fast I began to wonder what kind of a picture I would receive for \$2.00. Everyone I talked to had the same thought.

This brings to mind memories of grade school pictures. Remember how your teeth stuck out in your 3rd grade picture? The 4th grade picture was 'beautiful' except your ears stuck out. The 5th grade picture was even more 'gorgeous' because your hair was either too curly, too straight, or your cowlick was misbehaving. Our pictures now are usually a combination of all these problems—horrible!

One good thing about grade school pictures was that you were not compelled

F.F.A.

Our local F.F.A. (Future Farmers of America) held an initiation at its last meeting, held on November 10, 1970, and found out who would be chapter farmers and who would be greenhands. The chapter farmers are: Cliff DuVall, Randy Frantson, Jeff Hansen, Pete Hansen, Nicky Helms, James Kinsey, Claude Knapp, Curtis Oberlin, Douglas Poulsen, Dwight Poulsen, George Rader, Keith Rausch, Darrell Stevens, David Willison, Eldon Young, Stanley Belling, and Steve Smith. The greenhands are Elwyn Boerma, Richard Brown, Craig Chapin, Ron Christensen, Jeff Demorest, Patricia DuVall, Robert Gilbert, Bruce Hadley, Robert Hadrick, Biffy Harris, Hershel Jensen, David Lewis, Steve McGuire, Kendell Martin, Neal Olmstead, Roger Proctor, Mike Rodamer, Carl Smith, Keith Stevens, Dennis Taylor, Phillip Temple, David Warner, and Duane Wandel.

TEEN CHALLENGE MEETS

The Teen Challenge held their first meeting Friday noon, November 13, 1970. They decided to elect their officers at the next meeting and to hold future meetings after school.

F.B.L.A.

The Future Business Leaders of America met Monday to elect the club officers. Sandy Houghton was elected President and presided over the rest of the meeting. The other officers were Sue Hutson, Vice President; Sally Goolsby, Treasurer; Diana Moblo, Secretary; Genny Towne, Reporter; Kathy Hawley, Student Council representative.

BAND

Monday, November 9, eight band members auditioned for the Ferris Youth Symphony Band. Friday word was received that five of the eight were accepted as members. The five-- Dan Kinsey, Tim Cook, Carmen Johnson, Paula Butler, and Donna Hubbard--will attend rehearsals every two weeks. The first rehearsal was last Monday, November 16.

Cont. from pg. 1
toured the city in cars, following Mr. Aaron Middleton, part-time professor, and purchasing agent for a privately-owned company. Two cars returned home around 3:00, while Mrs. Stephan, Markay Moon, Sue Hutson, and Paula Butler, who has been accepted at WMU, returned to the University for a look at the art department until about 4:30, and arrived back in Lakeview at 7:00.

ANNUAL STAFF

Monday, November 16, was a busy day for Annual Staff. Three or four of the members helped photographer, Mr. Ferris, from H.A. Powell Studios, take group pictures. Then after school the staff met to select the cover for the 1971 annual. Mr. Dick Rowlin, from Taylor Publishing presented them with a variety of possibilities for the cover and then they voted on the cover. Orders for annual will be on sale in the next couple of weeks.

Feature Story

con't. from page 2 col. 3
to buy them and hopefully,
only about 35 people would
ever see your 'charming'
picture. However, when you
took it home, your Mother
said, "Oh! How cute". She
then proceeded to pin it on
the wall for everyone to
admire. You still do not
have to buy your pictures,
but it goes into the Annual
for everyone to see (in-
cluding your friend's par-
ents, grandparents, aunts,
uncles, and cousins) Oh!
how horrifying.

Monday of this week all
the clubs and groups smiled
happily in togetherness for
the Annual pictures. If
you were the normal "in-
volved" student, you prob-
ably had your picture taken
an average of 4 or 5 times.
This included having your
picture taken in uniform
(band, football, cheerlead-
ing, etc) and out of uni-
form. (Some students learned
to be quick change artists.)

So, Keep Smiling while
that camera clicks away.
We may feel our pictures
are candidates for a Wanted
Poster, but Mother will
surely come through with
"Oh, how sweet!" *MJE*

The FHA will sponsor a
Shopper Show party next
Monday night, November 23.
The party will be held in
the new High School. FHA
girls will be stationed at
the entrances to direct you
to the room. The party be-
gins at 7:30 pm. Everyone
is welcome. Coffee, cookies,
and punch will be served.

Shopper Show contains
Christmas decorations,
toys, and many other items.
This is a wonderful way to
do your Christmas shopping:

Friday night, Mrs. Dar-
row's fourth hour home e-
conomics class held a slum-
ber party in the home econ-
omics room and the gym.
The members of the class
were allowed to bring
friends, increasing the at-
tendance to about 35 girls.

The party began at 9 in
the evening. The four stu-
dent hostesses who organ-
ized the events were Holly
Stevens, Ginger Beardslee,
Renee Laverdure, and Nancy
Rowland. The girls danced
and played games in the
gym. Two girls got an un-
expected soaking in the
shower!

After midnight, the
girls made pizzas to eat
along with punch and pop-
sicles. Finally, about 5
in the morning they curled
up in the gym, attempting
to sleep. Morning came too
soon, ending the party.

The United We Stand
group is having a folk
group from Central enter-
tain at their meeting Sun-
day night at 7:00. This
will be held at the Metho-
dist church. A free will
offering to help pay for
the group will be collected.

con't from pg 1 col 1

Cliff Robertson won the
academy award for his por-
trayal of the principal
role in the movie version
renamed Charley.

Dramatic Publishing Com-
pany says of Flowers for
Algernon: "Poignant, fun-
ny, tragic, but with a
hope for the endomitable
spirit of man, this unusual
play tells a story you will
long remember."

KEEP THE BUS

A CIVIL PLACE TO BE

EDITORIAL

????????????????????????????????

.....
People take riding on
the bus for granted. Have
you ever tried to sit down
and study on the bus? On
some it is nearly impossi-
ble. It's a new experience
if you can sit down before
you are hit with an apple
core. After you have set-
tled down, you are lucky
if you can concentrate.
The busdriver shouldn't
have to stop the bus all
the time and holler at
everybody. What if he re-
ally got mad once and kick-
ed everyone off? If every-
body had to walk to school
for a week they would soon
realize the privilege of
riding. Let's have some
consideration for the bus-
driver and make the bus a
civil place to ride on!

WILDCAT CHRONICLE

Lakeview High School

Lakeview, Michigan

Vol. 8, No. 9

November 25, 1970

JUNIORS ^{To} HAVE DANCE.

For the class of '72", November has been a big month. They have been planning their Junior dance, which will be held, Saturday, November 28, from 8:00 to 12:00. The theme they have chosen for their dance is "Listen to the Warm." The Velvet Maroon is the band. The price for the dance is \$1.00 and \$1.75.

The Juniors are busy now making last minute preparations for this dance. All the decorations will be centered around the theme.

The Velvet Maroon is a five piece band from Chesaning. This band will not be new in this area, for it played at another area school last spring.

With the price so reasonable and with the best band, the Junior dance this year should be a big success.

Flowers for Algernon Presented

Last Friday and Saturday night, Lakeview High School presented "Flowers for Algernon." They entertained a full house of more than 350 people each night.

Comments were made like, Mr. Kos: "It was the best Lakeview has ever presented. Tremendous stage setting and good play;" Mr. Cady: "Cast did a very good job; thank you for the effort put forth." Mr. Johnson: "Excellent, and parts played very well."

HOME EC.

This past week the fourth and fifth hour adult living classes (home ec.) have been learning how to plan, organize, and host a party. These are some of the parties that have been given: slumber party, snack party, south-of-the-border party, and a luncheon.

For each party, the hostesses must provide some sort of entertainment, and they must decorate according to the type of party they are giving. We all agree that the best part of each party is the eating!

UWS

United We Stand enjoyed an evening of singing Christian Folk songs with the youth group of Christ The King Lutheran Chapel of CMU, last Sunday Nov. 22, at the Asbury United Methodist Church.

UWS will meet again on December 6, 1970, at the United Church of Christ. Everyone be sure to come!

DAN KINSEY TO PLAY IN PARADE

Dan Kinsey, an outstanding L.H.S. Band member, left Monday morning, November 23, for New York City. Dan is a member of the McDonald All American Band. They will be performing this Thursday, Thanksgiving Day, in the Macy's parade. The parade will be televised on NBC and CBS Thursday.

IF IV A GOES TO GRAND RAPIDS

The F.N.A. I and II classes, accompanied by their instructor, Mrs. Poulsen, enjoyed a trip taken on Nov. 24 to Grand Rapids. There they visited the Mercy Central School of Nursing which offers a diploma program in nursing. Clinical facilities of Mercy Hospital in Muskegon and St. Mary's Hospital in Grand Rapids are used in this program.

They left the school at 10:30. When they arrived in Grand Rapids, they stopped at Schensul's for lunch.

NOTICE:

The library is planning on having a christmas tree this year Mrs. Kos said, "I am looking for someone to donate a christmas tree." Anyone who could donate a Christmas tree see Mrs. Kos as soon as possible.

Jocund Thanksgiving Day-from the Paper Staff.

FOOTBALL BANQUET HELD

The annual football banquet was held Monday, November 23, closing the football season with the same feeling of pride we started out with. There was a fantastic turn out of Varsity and J.V. players, Cheerleaders, and parents for the pot-luck dinner. After everyone finished eating, the Varsity and J.V. awards were received from the coaches Boyd, Jonaitus, VanVleit and Elliot. All conference goes to: Steve Abbey, Al Guilfoyle, Bob Andresen, Rich Houghton, and Bob Bowser. Honorable mention consists of: Dave Cross, John Garcia, Otis Benton, Gary Nielsen, and Paul Fitzner.

Then the outstanding awards were given out for Varsity football. Captain of the team is chosen each year by the players themselves and is considered a great honor. This year that honor goes to Steve Abbey.

The Most Valuable Player award is also voted on by the players. This award goes to the boy who gave more to the team and the game of football, than any other. Our Most Valuable player for the season of 1970 is Rich Houghton, the boy who really put his heart into football. Mr. Cady then announced the "Cuts Award." This award was started in 1967. It stands for: determination, courage, and desire in the game of football. This years recipient has fully lived up to everything in-

con't from col. 1

involved in such an award. Congratulations to Rich Houghton-the winner of the "Cuts Award."

No one can fully realize the pain and happiness every one of our football players have lived through these past few months unless you were a player too. These guys fought, and fought hard, with every ounce of strength they had. It's hard to say if there's ever been such a team in the history of Lakeview High School. It's too bad every player can't have the recognition of an outstanding award. The best award possible, an award for being a team but more than that, a great team- The Wildcats of 1970!

PEP CLUB

The Pep Club will be having a meeting tonight in the art room to make signs for the upcoming basketball season. The new paint they received will be used in making these signs.

ANNUAL STAFF MEETS

Annual Staff held a meeting Monday night, October 23, in the typing room. Everybody present was put in a certain section, and then lay-out sheets were started.

The "La-Chatte" will remain a small \$5.00 and will be going on sale shortly.

FEATURE STORY: STRANGE CREATURES IN THE HALLWAYS Part II

The Three Toned Talker
(Big Mouth Maximus)

.....

This animal (usually female), can be found in the hallways at almost any time of the day, talking to a friend who is about 80 yards away. The exact size of its mouth remains undiscovered, although seven biologists were lost trying to measure it. Its vocal range was measured in 1906 when one of these creatures was let loose in San Francisco, and upon speaking, caused an earthquake there that shook olives off the trees in Italy. Its favorite habitats are either in the library, where it consumes 34 books daily, or in front of class rooms where tests are being taken.

—Dr. Pauly Wansit
Short

G.G.A. at C.M.U.

Saturday, Nov. 21, four of Lakeview's GAA girls went to Central Michigan University for a gymnastic clinic. They signed in at 10:00 a.m. and then met with the rest of the girls in a gymnasium. During the morning session the girls did exercises and then they were allowed to work on whatever apparatus they wanted. They were then excused for lunch and returned to the gym afterward for the afternoon session. At that time they worked on different equipment and then came back home after an interesting experience.

Dan Kinsey marched for Macy's!!

Last Monday, November 23rd, Dan Kinsey, Senior at L.H.S. and outstanding band member, left for New York to begin preparation for playing in the Macy's Thanksgiving Day parade as a member of McDonald's All-American Band. He returned Thursday after the parade.

Dan was first flown to Cleveland from Grand Rapids, changed planes, and continued on to New York where a taxi took him to the Penn-garten Hotel from La Guardia airport. The remainder of the day was spent meeting others and getting organized.

Tuesday, the whole group was treated to a tour of New York by bus. After the tour, Dan and the others spent about four hours practice in the hotel's ballroom.

M.C.C. Sang

Sunday night, Dec. 6, 1971, the MCC College and Community Choir held a Christmas concert in the cafetorium. The choir sang many religious songs, some of which were, "Jesu Bambino", "Beautiful Savior", and the "Hallelujah Chorus". The audience was asked to participate in a few Christmas carols. After the program, refreshments were provided.

U.W.S.

The United We Stand Youth group was entertained Sunday night, December 6, by three young people from the Grand Rapids Urban League, who talked about education from a Jewish point of view, a Black point of view, and a White Anglo-Saxon point of view. Then a film was shown on a street academy, which is a school for drop-outs.

The group has decided to go Christmas carolling Monday, December 21st. Anybody interested in singing along is welcome.

from the Office...

Our principal, Mr. Cady, underwent surgery at Kelsey Memorial Hospital, Monday, December 7. We extend our wishes to him for a speedy recovery.

Editorial: Pep Must Prevail!

Basketball season has begun and pep must prevail!! During football season this school had a lack of school spirit! A quote wrote, repeating from Oct. 22 1970 issue of the Wildcat Chronicle:

con't pg. 3, col. 2

Ed. # 2

Have any of you really observed the school lately? I think everyone has been working hard to try to keep it clean. You don't find alot of papers on the floors and I think we're doing a better job keeping our lockers clean. Sometimes the student lounge gets pretty messed up but thanks to our janitors it always gets picked up. We've made a big improvement since last year but we can still do better. Keep up the good work everybody!!!

MSF Featured

If you attended the Junior Dance Sat., November 28, you probably noticed the attractive decorations. They were quite lovely, but unless you have ever belonged to a decorating committee you have no concept of the ingenious ideas people can develop.

A beautiful production like this begins at a dull committee meeting. One girl came to the meeting full of enthusiasm and said, "Hey gang, why not name our dance 'Listen to the Warm'?" In true committee fashion everyone sat in silence. However her enthusiasm quickly spread to the other members which led to many great ideas for the theme, (some of which never came true.)

By some miracle, (and much work) most of the decorations were completed before the big day of the dance.

On the arrival of the great day, the decorating committee assembled in the Cafetorium at 1:00 P.M. Many of the Committee members had familiar faces, but were not dressed in the usual manner. For example most of the girls were dressed in their scrubby blue jeans with many in huge hair curlers. It took the men of the group several minutes to figure out who was under all the plastic rollers. The question was - "How would they look come night-fall?"

The large sunset was hung on the stage and many signs around the room. Then the group tried to decide where to put the tree, but a problem soon developed, 'where was the tree?'

con't pg. 4, col. 2

SPORTS

with
AL & DAVE

The Wildcat Basketball team of L.H.S. went into their opening game of the season Tuesday night, Dec. 1 against Greenville Yellow Jackets and come out the very decisive victors.

The Cats were ready for this ballgame and were ahead at the half by a ten point margin. The game became very close at one time in the third quarter, but soon fell once again into the hands of the Cats. The final score was Lakeview 64, Greenville 57.

Four players were in double figures in scoring for the Cats. Bob Andresen with 17, Mike Lindsey with 14, Bob Guthrie with 13, and Al Guilfoyle with 11.

Leading rebounders were Al Guilfoyle with 14, Kelvin Lutterlough with 11 and Bob Guthrie with 10.

Last Friday night the Wildcats entertained the Portland Red Raiders and gave the hometown crowd quite a thrill. Due to the Cats poor shooting the score stayed reasonable close throughout the game.

The big play came with 2 seconds left in the game when Cats' center, Al Guilfoyle, put the tie breaking two points in to break the 64-64 tie and give the Wildcats the win.

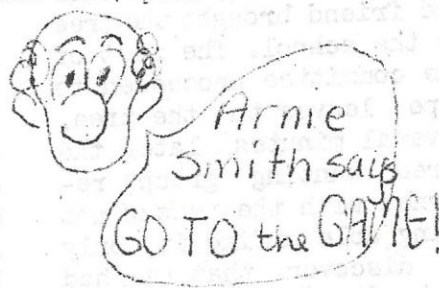

Bob Andresen was leading scorer with 25 points. Al Guilfoyle had 15. This week the Cats play Carson-City there.

Freshmen

The freshmen basketball team fell victim to a very strong Carson City team here last Monday nite, 54-37. The superior height and strong man to man defense made the difference for the freshmen.

Steve Farrell and Dave Hawley lead the Lakeview attack with 10 and 9 points respectively.

This Thursday the freshmen travel to Edmore to face the Montabella freshmen at 7 p.m.

Editorial Page 2. col. 1

"Why should the team yell to fire up the school spirit when actually the purpose of pep rallies are to boister the team's spirit?"

If Lakeview High School is going to win its 70-71 basketball games the school (team and fans, including faculty and the student body) must unite as one team!!

Let's see even more school spirit shown than at the Montabella game!!!!!!
LAKEVIEW HIGH IS GOING TO GO FIGHT AND WIN IF SCHOOL SPIRIT AND TEAM SPIRIT ARE SHOWN!!!!

Maybe you noticed a certain group of girls doing jumping jacks in the halls last week. This was part of the GAA initiation for the new freshman members. Anytime the girls saw and older GAA member they had to do five jumping jacks and repeat the GAA motto.

That night at GAA, the girls had their final initiation. They did a variety of things such as reading a book with two suckers in their mouths, pushing a ball across the room with their noses, and walking through raw eggs and macaroni.

After everyone had completed her initiation, they all became full-pledged GAA members.

CHEERS-

Calling all Adults!!!!

Adult classes will be offered in Men's Recreation. There will be a men's basketball league. Men over thirty may enjoy a volleyball and a Physical Fitness program. Register now.

A five week snowmobile maintenance and repair class will be offered. Persons may then continue on in a second course--engine modification.

A sewing class will start January 4. Call 352-7221 to sign up for any of these worthwhile projects.

KINSEY con't

Con't. from Pg. 1., Col.1

Wednesday everyone worked on marching and putting music in proper order. A while later they gave a concert at the Veteran's Hospital and to New York's mayor, John Lindsay. After the concerts, marching resumed until they were all "about dead."

That night, however, enough strength was mustered up, and the band went to see the movie musical, "Scrooge" and also the wonders of the Metropolitan Opera House. All this ended at about midnight, and they all were allowed to sleep in until 5 A.M.

Thanksgiving day, of course, was the day they'd all awaited. Before breakfast, another short practice was held. Then came the three mile parade through New York during the midmorning hours. When the parade ended, Dan, was sent back the same way he came, only stopping in Chicago instead of Cleveland.

Senior Dance

The seniors are busily working on decorations for their Christmas Dance. "The Elves' Escapade." The dance will be Saturday night, December 19 from 8:00-12:00 in the new school's cafetorium. The Positive Reaction will provide music for all and Santa is planning to drop in with his reindeer and a sleigh full of packages. So, come and don't miss the fun!

con't fm p. 3 col 3. Some of the decorators decided they would drive out to pick up the tree and hoped by a stroke of luck they could get it back to the school safely. In the meantime a helpful mother and friend brought the tree to the school. The rest of the committee proceeded to tape leaves to the tree. Several minutes later the "tree hunting group" returned with the news of not being able to find it, only to discover that we had just finished taping on the last leaf.

Looking at our room, with signs, and LOVE written on the walls, a real tree and Raggedy Ann Doll sitting under it, we were quite satisfied with our work. However, when the band arrived several changes had to be made. (That's life!)

Thus our everyday lunch room was transformed into a beautiful ballroom. In true Cinderella fashion the 'blue jeaned, hair curled girls' arrived at the Ball as beautiful maidens ready to dance with their Handsome Prince Charmings.

con't from col 2

'Listen to the Warm' was created in a romantic atmosphere which made the Junior Dance a real Success.

CROCKER con't

December 10, 1970

HONORS STUDY HALL

At the end of last six weeks, all the seniors who are in honors study hall were required to give Mr. Cady a paragraph stating their opinion of the honors study hall program so far. Mr. Cady has read them, and when asked for a statement about the program, he said that most of the honors students seem to feel that the program is worthwhile, but they felt that it should be limited to seniors. Mr. Cady also said that he had done nothing about identifying pins or cards, and that he would like to know how the members of honors study hall feel about a means of identification.

This reporter decided to do an in-depth report on the honors study hall program. Printed below are some answers received from individuals around the school to these questions?

(1) What is your evaluation of the honor's study hall program.

(2) What are your feelings about the honor's study hall students having a pin or some other means of identification.

Mr. Hondorp-I don't really know. . . I think that it is being abused by some. . . I feel that it needs to be better defined what the students can do during their hour.

Mr. Coon-I disapprove of the honors study hall program because of the unfairness of allowing the honors study hall students to use the refreshment machines, while the students in the study halls cannot.

Miss O'Connor-I feel that it is good if it is used
can't next col.

Wildcat Chronicle

con't. from col. 1

correctly. I don't see any purpose for an identifying pin or card.

Mrs. Kos-I think that it is a good idea because it gives the student a little more freedom. I don't feel that a pin or card for identifying is necessary for me.
Mr. Zawadzinski-I think it is a good idea. The student should learn not to misuse this privilege. I think there should be some means of identification.

Mrs. Rutledge-I think that it's a good idea, because it helps students take on the responsibility of their own education and the sooner it is done the better.

Mrs. Ferris-I think the honors study hall is a good idea, when you get to be upper classmen. You should have these privileges. It (a means of identification) would help me and it might be good for these students to get a little recognition.

Mr. Hansen-I think that ought to be something definite. Students should either be in a classroom or in the student lounge, not wandering through the halls.

Art Hersey-Why are certain people on the administration of this school prejudiced against certain students.
Vicki Kohl--I like it and I hope that it continues to be restricted to Seniors.
Sue Ellafrits--I like Honor Study Hall. It would be nice with special cards or something, but it isn't necessary.

Margo Ackley-It's great and it is an honor that just Seniors should be allowed to participate. I think I would like a pin but an identification card would be okay.

Kathy McKelvey-It's really
can't. next col.

Page 5

con't from col. 2

neat to have this honor. I think we should have a card to carry with us. That way it will always be with us. If we wore a pin we'd be apt to leave it at home.

Sandy Houghton- I like it, want it to continue, and look forward to it. It doesn't make any difference to me if they have a pin or card.

Jane Kinsey-I like it very much. I think it would be nice to have a pin or something of identity for Honor Study Hall students.

Dorinda Nielsen-I like Honor Study Hall. I feel the majority of the students don't misuse this class, and that it is a worthwhile program. I don't want a pin.

Sherryl Behrenwald-Honor Study Hall is really great for Seniors. Finally, in our last year of school, we feel free.

Susan Wilkinson-It's a good program, but I think a lot of students use it the wrong way. It's great for Seniors to have this freedom.

Linda Behrenwald- I think that the people who are responsible and use their regular study halls use the Honor Study Hall well also. It provides more freedom for us which I think is beneficial to study. I think it would be helpful to the teachers for the students to have identifying pins.

Gary Green-I think that the honor study hall is well used by the honor study hall people. I feel that the problems that exist are not caused by the honor people but by other students. I think the pin is a good idea.

can't. pg. 6 col. 3

Assembly

Our assembly Monday, November 31, brought us all closer to the realization that the next death on the highways could be you. Highway fatality rates are increasing every day. Bob Harkey, a contestant in the Indianapolis 500, came to Lakeview to speak to us and while here showed us a film of the Indy 500. In this race, Al Unser was the winner. The general idea of the assembly was to make us all more aware of the precautions professional racers take to save their lives and that we should take the same measures.

FNA

The FNA girls have been helping with the decorations for the hospital Christmas Party to be held in the Youth Building of the Congregational Church this Thursday and Friday.

Also, the girls have each picked an elderly person from the Extended Care Unit to present a gift to the day before Christmas vacation in hopes of lifting their spirits.

MATH + SCIENCE

The Math-Science Club met Tuesday, December 1st, after school in Mr. Boerma's room.

The members of the club voted not to be represented in the Student Council. Dan Large and Guy Newell gave a demonstration illustrating the formation of crystals. After the meeting, a surprise birthday party was given for Linda Behrenwald.

Con't next column

con't col. 1

The next meeting will be held December 15th. A film on probabilities will be shown.

FHA

Last Thursday night after school, Dec. 3, the Future Homemakers of America met in the Home Ec. Room to discuss their Christmas Party. The girls decided to hold their party after school December 17. During the party they will make candy for their candy sale December 18. After making their own supper, they will go to the Medical Facility to sing Christmas Carols.

The girls finalized the plans for their party and then they sent a gift to Mrs. Hubbard, their Chapter Mother, who is ill.

Teen Challenge

Teen Challenge met after school Tuesday, December 1, to elect this year's officers. Dan Kinsey is President, Marilyn Bennett is Vice President, and Janice Hadley is Secretary-Treasurer. It was decided to meet every 3rd Thursday each month with activities in between. They planned a Spaghetti Slop as an acquaintance party for themselves on December 19 at Entrican Church.

8 1/2 more days until (Ho-Ho)

Christmas Vac.

Editorial

There are countless good reasons for keeping a smile on your face, but physiologists have come up with the best one yet: It is simply easier to look happy than unhappy. A smile involves minimum movement of the facial muscles, whereas a gloomy expression calls for a good deal of effort. To frown and look cross and unpleasant, you need to use all of the 64 muscles in your face. But to lift your face in a smile and maintain a pleasant expression, you need only use a dozen or so of these muscles, expending only 1/5 of the energy it takes to go around with a sour face!! So SMILE!!

Honors Study Hall
con't from pg. 5

Gary DeGram-I think honors study hall is great because it gives the people involved a sense of responsibility and you feel more independence. A pin would be a cool thing to have to show that you are in honor study hall.

Alan Charnley-I feel this program is very beneficial to the honor study hall students. I think the pin is a good idea.

The Poet's Corner

Christmas + Beach's!

Have you noticed the painted Christmas scenes in Beach Electric's windows? Mr. Beach asked our art teacher, Miss O'Connors, if some of her students could do this to which they consented. To make these windows beautiful and to add more spirit to the Christmas season, several students spent a Saturday plus some hours after school Monday working on the windows. In these windows you will find Christmas presents, a large cuddly dog, and a winter scene which includes a forest of reindeer and rabbits. The colors are all beautiful and show the talent that Lakeview students possess. It was an excellent job and was well done. Congratulations!

For their efforts, Beach's surprisingly presented a stereo phonograph to the art class.

Our greatest thanks go to Mr. Beach!

FRENCH CLUB

Monday nite, December 14, at 6:00 p.m. The French Club had another pot luck supper. It was held in the cafetorium. After a good meal they sang Christmas carols which they have been practicing for a few weeks.

Then they discussed the French Club Dance that is to be held after the game January 29.

Plans are under way!

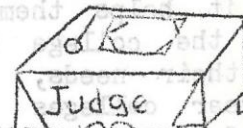

CALENDAR

Thurs. Dec. 17-FHA goes caroling.
Fri. Dec. 18 -Choir sings for asseblly.
At 3:25 the Liberty Bell rings!
BB here with Big Rapids at 7:00.
Dance after the game.
Sat. Dec. 19 -Christmas Dance from 8:00-12:00.
Sun. Dec. 20 -UWS meets in cafetorium at 7:00.
Mon. Dec. 21 -UWS goes caroling.
Tues. Dec. 22 -BB at Carson City Crystal at 7:00
Mon. Jan. 4 -The Liberty Bell cracks!
9th BB here with Fulton at 7:00.
Tues. Jan. 5 -Math & Sci. Club meet at 3:30.
BB at Fulton at 6:30.

OFFICE NEWS:

Mina says, "Happy Holidays." Mr. Barry speaks for the whole office in wishing you a "Merry Christmas."

Due to a recent illness Raquel Welch will not appear at the Christmas dance!!!

Perry Mason at Lakeview?!!??

Math & Science

Mr. Boerma's Room was the scene of this week's Tuesday night (Dec. 15) meeting of the Math-Science Club.

The Club members watched a film on the topic of Mathematical Probabilities. After the movie Allen Nielsen read an article on Murphy's Law from the magazine, "Elementary Electronics".

The highlight of the meeting was the congregating of Club Members around the movie screen to view Jim Middleton's latest film, "It's A Dog's World". Back to the days of Silent Movies, the Math-Science Club enjoyed the award winning film.

EDITORIAL: LET JUNIORS GO ON COLLEGE TOURS

Recently, Seniors have gone on tours of various college campuses and more are being tentatively planned. All the Seniors really appreciate this, because it helps them to choose the college that fills their needs, but each year colleges are asking Seniors to get their applications in earlier than the last. I feel that Juniors should also be allowed to go on these tours.

This year most colleges asked that the applications be in by December, if not sooner. Next year, the date will probably be even earlier in the year, and a person should not decide whether he wants to attend a college until he has seen its campus. I have found that a student should see as many campuses as he can, so that he has a basis for comparison and to do this a person needs to start viewing them during their Junior year. So, I appeal to the counselors and to the administration to allow the Juniors to go on the tours with the Seniors.

FEATURE: The Carols of Christmas

Every year about this time, a group of individuals "don their gay apparel" and prance out into the freezing cold to partake in the singing of Christmas Carols.

It all begins when the jolly chanters pull on a few dozen pair of long underwear and congregate at the preselected spot (NOTE: They are wearing other things besides the underwear
con't. next col.

con't. from col. 1
in case you are wondering) Reading the music is attempted as the icy frostiness chews its way into each person's body. To add to the fun, it is always too dark to read the music and around the third verse of "Oh Come All Ye Faithful" everyone is singing different words which they make up as they go along. Those who are going by the music sheet find only the verses dittoed out, and after that there are five lines of question marks.

Then there is the enjoyment of singing without any music, or worse yet, trying to sing along with a flat accordion or tinny harmonica. And in the midst of all this organized confusion, there are always those who didn't show up for any rehearsals and are either singing the wrong song, or are complaining about the cold.

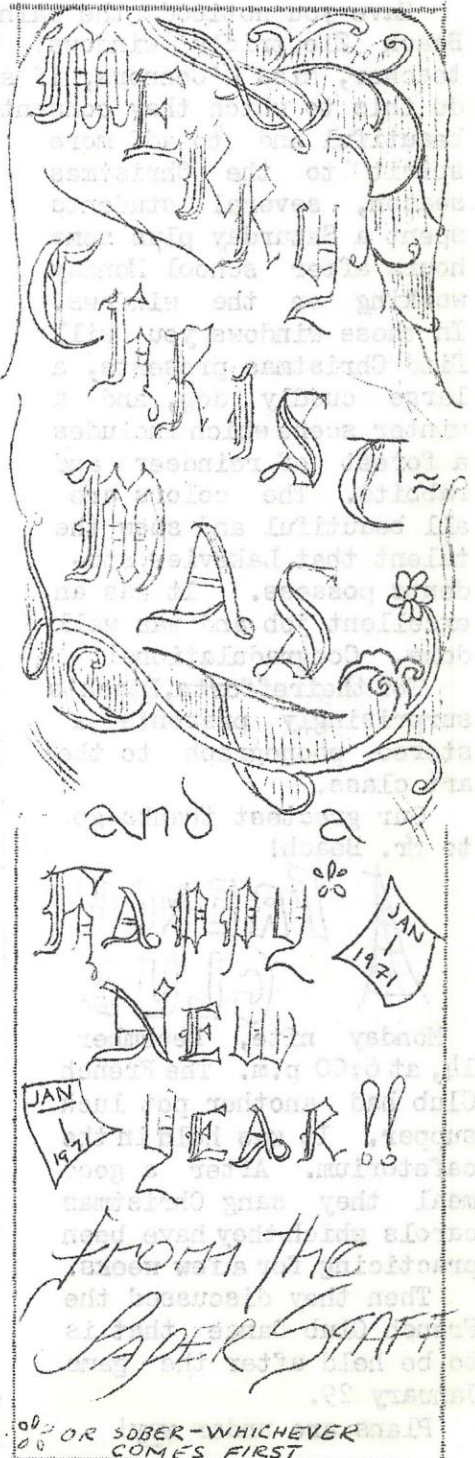

Then you have the stares of the passer-by as everyone chatters out a frigid "God Rest Ye Merry, Gentlemen!" or "Oh Holy Night."

The main reason the passers-bys are staring is that they can't hear anything. It is so cold that if the singer's vocal chords or the listener's eardrums aren't frozen, the words freeze as they come out and fall to the sidewalk and break.

Then each of the members is towed home in the form of an icicle, and all that needs to be done is to prop him up against the wall and wait for the spring thaw. The thawing may, however, melt a hole in the wall (figure that one out). This is fixed by putting up a bulletin board, or if

con't. from col. 2
he is real egotistical, he could have a full length mirror.

Sports with AL & DAVE

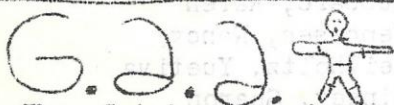

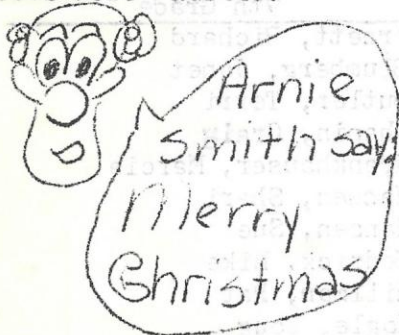

The Wildcats went into their fourth game of the season Tuesday night against the Montabella Mustangs. The Cats were ready but they didn't have boards and couldn't hit their free throws. It really showed up in the final score. The cats came up on the short end with a 76-62, 14 point margin.

High for this ballgame was Bob Andresen with 25 and Rich Houghton with 15. Leading rebounders were Al Guilfoyle and Rich Houghton.

The Wildcats face the Big Rapids team here Friday night.

J.V. Basketball

Tues. night the Kittens put on a fine first half against the strong Montabella team, with the score being 28-22 at half time. In the second half, though they just couldn't put it together and went down in their 3rd defeat by a score of 68-47. Dan Nelson was high point man with 20. Coach Bechman says team needs more "hustle."

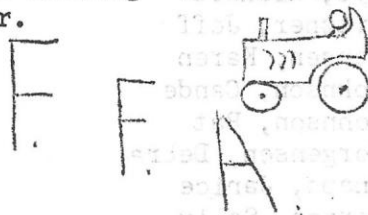

The G.A.A. has been very busy the past few weeks. They completed their initiations and went door to door and sold Amway products.
con't. next col.

con't from col. 1

The G.A.A. also received word about their foster child. Her name is Tai Shuk Ling and she is from Jordan Valley Lutheran School in Hong King. Shuk Ling was born December 28, 1962. She is in primary 3 grade and her progress is fair. Shuk Ling is a healthy little girl who enjoys jumping rope and her favorite subject is Chinese.

The girls are all busy writing to Shuk Ling and are waiting to hear from her.

On Friday, November 27, Steven Poulsen, Greg Kraft, Greg Johnson, Jeff Hansen, George Rader and Mr. Johnson started out for Chicago in the afternoon. It was an award trip that the boys had won.

On Saturday they took in such sights as the Museum of Science and Natural Resources. In the afternoon they went to the International Amphitheatre.

On Sunday they went to the Chicago Board of Trade where they saw the opening of it and it looked like a miniature mob gathering. They stayed at YMCA while they were there.

They left Chicago at noon and got home about four o'clock Monday afternoon. It was a very worthwhile trip and everyone enjoyed it.

See you
in '71!

for running a red light and resisting arrest.

On December 9, the honorable court of Bob Fendall was brought to order by bailiff Connie Moore. The first case presented was "people vs. Pete Young and John Jones." Officer Sellers, (Otis Benton) stopped John and Pete for running a red light and Pete was arrested for resisting arrest.

The prosecuting attorney (Pat Wells) first called to the stand Officer Sellers.

cont. next issue-January

The cold season is upon us. By this I mean that coughs, sneezes, and runny noses are plaguing many people in the school.

There is an interesting fact found in the Biology Lab Manual that states, "Coughing and sneezing may spread droplets of materials from 3 meters or more. The water in these droplets evaporated rapidly, leaving bits of dry materials (just particles) that contain dormant bacteria. Other dust particles in the air carry dormant microbes derived from many sources. Thus dust particles may be vectors of disease organisms. Fortunately, most of the dormant microbes in the air are not disease organisms."
cont. next issue-January

Band Concert

The Lakeview's presented their annual winter concert on Wednesday, December 16. The 6th grade band was first on the program, followed by the Junior High Band. The High School Band completed the program. Their performance was followed by an encore of "Born Free."

HONOR ROLL

Second Period-First Semester
